COURSE OF INSTRUCTION.

78. The period of four years' instruction at the Royal Military College will be divided into four Terms.

79. The College will open for work on the first day of September each year and close on the last day of June following. If these days fall on a Sunday, the date for joining or leaving as the case may be, will be the next day thereafter. There will be a vacation of ten days at Christmas time, and four days at Easter. The Christmas vacation will commence the day before Christmas and end on the 2nd day of January following. The Easter vacation will commence on the Thursday before Good Friday and end on the following Monday.

80. There will be four classes. Cadets on joining the Royal Military College will be placed in the fourth class, and if qualified will pass successively into the first class.

81. The subjects of instruction, obligatory and voluntary, for each class, throughout the entire course, are shown in Table I, page 20.

82. The weekly attendance of each class and the total number of hours available for each subject during the full course of instruction, obligatory and voluntary, is given in Table II, page 21.

83. The marks assigned for every subject in the full course, obligatory and voluntary, and for the obligatory sections respectively of such subjects are shown in Tables III and IV, pages 22, 23 and 24.

In these Tables the subjects of instruction embraced in the Military course are marked (M), those of the civil course (C), those common to military and civil courses (M) (C).

84. Examinations will be held towards the end of each Term to ascertain the qualifications of Cadets for class promotion and for final graduation.

85. A Cadet will be liable to be examined at the annual examination of any term upon any part of each subject of the course of instruction of his *present* or *previous* classes, whether obligatory or voluntary.

(a.) The sections of the *back* course of previous classes in which he will be examined will be notified about three months before the examination. The examinations in the back sections will *usually* be restricted to the work of the *immediately* preceding class.

86. Intermediate examinations may also be held during the term, the marks obtained at which will be amalgamated with those awarded at the annual examinations. These examinations will be limited to the course of instruction of the Term in which they are held.

87. Cadets passing from the 3rd to the 2nd class, or from the 2nd to the 1st class, who have not obtained the qualifying minimum in certain obligatory subjects in the lower of these classes, will be examined at the ensuing Term examinations in such subjects *in the papers of the class into which they have passed*, or if the instruction in these subjects is *completed* in the lower class, then in the papers of the lower class. In the latter case the marks obtained in the *previous* examination will be cancelled, and the maximum marks allowed to be counted at *second* examination will be the qualifying minimum of the *lower* class.

(a) If no time is set apart in the higher class for the study of these subjects, it may be taken from that assigned to any *voluntary* section of any *obligatory* subject or to any *wholly voluntary* subject of that class.

(b.) No special *instruction* can be claimed, other than during the regular hours of attendance at the College of the Instructors of these subjects, and then only to such extent as shall not materially interfere with the *primary* demands of the classes under ordinary course of instruction.

(c.) A Cadet, who, on the completion of an obligatory subject, has failed to qualify, either in the final examination or for the entire course of that subject, but who is allowed a second examination in it for the purpose of qualifying for a diploma, can only *count* at this second examination such marks as are necessary to make up the qualifying *minimum* for the *entire* subject.

88. When any subject of instruction is divided into obligatory and voluntary sections the intermediate examination will be on the obligatory sections only.

89. For voluntary subjects a Cadet in any class may elect to be examined in any section of the same subject allotted to a lower class *instead* of in the voluntary work of that subject belonging to his own class, provided that he has not previously qualified in that section. He can, however, count only half the maximum marks of the lower class.

(a.) A Cadet must notify his intention to be examined in a voluntary paper belonging to a class lower than his own at least *three months* before the date of examination.

90. When two or more subjects are alternative as obligatory or voluntary for examination, a Cadet intending to take up both subjects must notify the Instructor at the *commencement* of the Term *which* subject he desires to select as *obligatory*.

91. A Cadet who does not wish to go through a course of instruction in any particular wholly voluntary subject, will devote the time allotted to it to such other wholly voluntary subject as he may select; or if not electing to study *any* wholly voluntary subject, then he will be required

to devote the time thereby available to the study of such obligatory or *voluntary* sections of an *obligatory* subject, as may be directed by the Commandant.

(a.) A Cadet who in any class does not *wish* to take up the voluntary sections of any particular *obligatory* subject, will, *after the completion* of the obligatory sections of the class in such subject, devote the time thus available to the study of such obligatory or voluntary sections of other *obligatory* subjects as he may select, and which may be approved by the Commandant. The subject approved must be adhered to during the term.

92. A Cadet desiring to study any subject, the whole of which is voluntary, must notify his wish to do so to the Commandant within *fifteen days of the commencement of a Term*. If his request is approved he will be required to continue the study of the subject to within thirty days of the end of the Term. A Cadet will not be permitted to commence the study of a voluntary subject unless the Commandant is satisfied that there is a reasonable probability of his passing the qualifying examination at the end of the Term in all the obligatory subjects.

93. No voluntary section of an obligatory subject of instruction shall be commenced by, or gain any marks for, a Cadet, until the Professor is satisfied that he is sufficiently forward in the obligatory section, and he has obtained the approval of the Commandant to commence voluntary work.

94. If a Cadet is absent the whole of any portion of a *yearly examination* in consequence of sickness, rustication, or any other cause, he will, on his return for the ensuing Term, be required to pass in the whole of the obligatory subjects of the examinations which he missed. The *maximum* marks which he will be allowed to count in any of these subjects will be two-thirds the maximum marks assigned to these subjects. He will not be allowed to be specially examined in any voluntary section of an obligatory subject which he has missed. He will be allowed to count marks for prior intermediate examinations, both obligatory and voluntary, and also for all Notes, Drawings, etc., which he has executed during the Term. In the case of sickness he will, however, have the option of accepting qualifying marks only, without examination, if the Professors concerned deem him deserving of them.

95. If the subject missed is one *the whole of* which is voluntary, the maximum allowed will be the *qualifying minimum* for "Pass" of that subject.

96. If the absence of a cadet from examination occurs in his *final year*, any examination he may have missed will be held at such time as may be determined by the Commandant, and will be subject to the rules specified in clauses 94 and 95.

97. If a Cadet is absent from sickness, rustication or any other cause, at any *intermediate examination*, marks will be allotted to him at the end of the Term in each obligatory or *wholly* voluntary subject which he has missed, in such proportion as he may obtain at the other examinations during the Term. Marks will not be allowed for any examination in voluntary sections of obligatory subjects which may be missed.

98. If a Cadet affords to, or obtains from, another Cadet, any assistance during any examination, or if he makes use of any improper means of obtaining information relative to any examination, he will if it is his final examination for graduation, be debarred from receiving any Diploma; if at any annual examination other than his final, or at any intermediate examination, *he will be Rusticated*, and, in addition, lose all the marks given for the particular paper, and will not be re-examined in it.

99. A maximum number of marks will be allotted to each class for each subject of instruction for each term, distinguishing between the obligatory and voluntary sections of such subjects.

100. All marks, whether above or below minimum, obtained in an obligatory subject in any class, will count for place for class promotion, for Pass and for Diploma.

101. Marks above qualifying minimum which may be obtained for an obligatory subject in any class will *not* count towards making up any deficiency in the qualifying minimum at the *final* examination in the same subject, but *all* marks obtained for an obligatory subject in any class will count towards making up the *final* total for the *full course* of that completed subject.

102. In voluntary sections of obligatory subjects marks are not counted to a Cadet unless he obtains one-third marks in that section.

103. No subject, the *whole* of which is voluntary, shall count for marks at any examination unless the Cadet obtains the qualifying minimum of such subject, which minimum shall in no subject be *less than* one-third of the maximum marks.

104. The proportion of marks assigned to the *whole of the intermediate examinations* in any class will not exceed one-half of the total allotted for the Term to that class, *exclusive* of marks assigned for Drawings, Notes, Recitations, &c., &c.

105. Marks will be assigned at the end of term for Notes, Recitations and Drawings executed by any class during the current Term. Those for Notes and Recitations will not exceed one-sixth of the total allotted to that class. Each Drawing, or set of Drawings, will have a specified maximum attached to it.

106. From the maximum number of marks assigned for conduct, deductions will be made only as recorded in the Defaulters' Book. The character recorded on the *Certificate of Discharge* will be in the terms authorized by Queen's Regulations.

107. For marks for Discipline, N. C. O's will be classified in each rank at the end of every Term, in one of four grades of general efficiency, viz.: A, B, C, D.

The proportion of marks to be assigned for each grade will be:—

A or Very good.....	100 p. c.	} Of the maximum marks allotted to each rank,
B " Good.....	75 "	
C " Moderate.....	50 "	
D " Indifferent.....	25 "	

The marks counted will be subject to deductions for entries in the Defaulters' Book against the N. C. O. Discipline marks. No marks will be counted for *acting* rank, or for *permanent* rank held for a less period than 28 days.

108. For marks for Drills and Exercises and for Non-Commissioned Officers as Drill Instructors, Cadets will be classified in each branch at the end of every Term in one of four grades of expertness, A, B, C, D.

The proportion of marks to be assigned for each grade will be:—

A or Very good.....	100 p. c.	} Of the maximum marks allotted to each description of Drill.
B " Good.....	75 "	
C " Moderate.....	50 "	
D " Indifferent..	25 "	

109. The *wholly* voluntary subjects of Instruction are:—

- Chemistry.
- Geology and Mineralogy *combined*.
- Civil Engineering.
- Architecture.

A Cadet may study any one, or all of these subjects; but he is permitted to *count* marks *only* in any *three* of them. The marks for Civil Engineering and Architecture will be recorded separately.

A Cadet who elects to study both Civil Engineering and Architecture is permitted to count for each of the separate subjects, the p. c of marks he may obtain in the sections common to both.

110. In practical Geometry and Engineering Drawing *combined*, in Military Engineering, and in Surveying, Military Topography, and Reconnaissance *combined*, a Cadet in order to qualify must do so in Drawings and Examinations, *separately*, as well as in the Drawings and Examinations *combined*.

(a.) He must complete a specified number of drawings, each of which must be passed by the Professor. Each drawing, or set of drawings, will have a specified number of marks allotted to it, and the Cadet must qualify on the *aggregate* of the *full* course of *these* drawings.

(b.) The qualifying p. c. for examinations and drawings *separately* will be that of the full subject, *i. e.*, for examinations and drawings *together*; but a deficiency in either separately, provided it does not exceed 10 p. c. of the maximum assigned to the section in which the deficiency occurs, may be compensated for by an excess of marks obtained in the other section sufficient to make up the *qualifying p. c. for the full subject*.

111. To qualify for any Diploma of Graduation, or to entitle to record "Pass" for *Physics* on a Diploma, it is compulsory that a Cadet shall also obtain the qualifying minimum in the course of *Elementary Inorganic Chemistry* studied in the second class: This limited knowledge of Chemistry being necessary for prosecuting the study of *Physics*.

112. The requisite marks in *Elementary Inorganic Chemistry* necessary to record "Pass" for *Physics*, may be obtained by a Cadet either in the second or first class, and will be counted under the head of *Chemistry* in his *general total*; but they will not entitle him to a record of "Pass" in *Chemistry* unless he also obtains the qualifying minimum for the *full course* of *Inorganic Chemistry*.

113. In the 1st and 2nd Classes painting in monochrome from copies will be *combined* for qualification with drawing from copies, object, or nature.

(a.) The voluntary marks assigned to 2nd and 1st Classes are available *only* for drawing and painting in *monochrome*, from objects or nature; or painting in *colours* from *copy*, or object, or nature. Of these marks not more than one third may be assigned solely for voluntary attendances.

(b.) The voluntary marks assigned to the 3rd Class are available *only* for drawing or painting in monochrome, from copies, *objects* or *nature*.

114. When the proportion of marks counted, in its relation to the maximum available, is expressed by a "Decimal," it shall be recorded up to two places: the second figure being taken to the nearest possible:

Example.

.784 recorded as .78 only
.785 recorded as .79

115. The *aggregate decimals* of obligatory and voluntary sections of any subject, or of any two or more different subjects, shall be determined by dividing the total marks obtained in the sections or subjects by the sum of the maximum marks available for them; and *not* by the addition of the *decimals* obtained divided by the *number* of sections or subjects.

Example.

Subjects.	Obligatory Sections.		Voluntary Sections.		Aggregate Decimal of Subject.
	Maximum Marks—1,000.		Maximum Marks—550.		
	Marks obtained.	Decimal.	Marks obtained.	Decimal.	
Mathematics.....	500	.5	N11	N11	.32
Surveying.....	750	.75	200	.36	.61

116. If any "Decimal" falls short of the qualifying minimum by *not more than one* in the *second* place, it will be accepted as qualification for "Diploma of Graduation," for "Pass" and "Distinguished" in any subject.

Example.

.785 recorded as .79 accepted as .8 for qualifications.

117. If any "Decimal" recorded falls short of qualifying minimum by *not more than one* in the *first* place it may be *compensated* for by marks counted (*Vide* Clause 102) in the voluntary sections of the same subject not less in number than those deficient in the obligatory section.

(Alternative). A Cadet who fails in not more than *three* obligatory subjects, (of which mathematics must not be one,) and in no subject by a deficiency of marks greater than one-tenth the maximum assigned to it, may *compensate* for such failures by obtaining *half* the aggregate number of marks allotted for the whole of the obligatory subjects.

The obligatory subjects and the qualifying minimum of each are:—

CERTIFICATES OF MILITARY QUALIFICATION.

121. Cadets who leave the College without having finished their full course, but who have completed *not less than two years' service*, and who are otherwise eligible, are entitled to receive Certificates of "Military Qualification" *only*. A certificate of Military Qualification entitles the holder to the same Militia privileges as a "1st Class Short Course, Grade A Certificate," which last is necessary to be held by all Field Officers and Adjutants of Cavalry, Artillery, Engineers, and Infantry.

122. The Conditions requisite to entitle a Cadet to a "Certificate of Military Qualification," are as follows ;—

- I.—To have completed not less than two years' service at the College ;
- II.—To have withdrawn from the College with leave, and for Reasons not connected with misconduct, or physical disability to remain :

 - Military Administration and Tactics.
 - Military Topography.
 - Drills and Exercises.

PRIZES.

123. Prizes are given as follows :—

Class Prizes.—One annually for each Class.

The Class prize is given to the Cadet who obtains the largest total of marks in his class during the Term. Those for conduct, discipline and drills excepted.

124. *Subject Prizes.*—One annually for each of the following subjects :—

 Conduct and N. C. O. Discipline, *combined*.

125. These prizes are given to the Cadets who at the conclusion of the course in any subject have gained the largest total of Marks in it.

A Cadet, although he may be highest in his class, or first in a subject, will not be eligible to receive any prize unless the Commandant considers him deserving of it.

DIPLOMA OF GRADUATION.

126. All Cadets who, at the end of their full period of four years' service, have qualified in the full obligatory course of each obligatory subject of instruction will, if otherwise eligible, be entitled to receive one of two classes of Diplomas of Graduation, viz., "Diploma," or "Diploma with Honors."

The words "Distinguished" or "Pass" for any subject of instruction, obligatory or voluntary, in which a Cadet is entitled to such record will be entered on the face of the Diplomas of Graduation.

A "Diploma of Graduation" entitles the holder to the same Militia privileges as a "1st Class Long Course, Grade A Certificate," which last is necessary to be held by all officers holding Staff employment or who are confirmed in appointment to permanent Corps.

127. The conditions requisite to entitle to a "Diploma of Graduation" are as follows:—

The Cadet must

- II.—Have obtained the qualifying minimum of the marks allotted to the *full course of each* of the obligatory subjects, with the following limitation:—

(Alternative.) A Cadet who fails in one or more obligatory subjects by a deficiency of marks not greater in any one subject than $\frac{1}{10}$ of the maximum assigned to it, may *compensate* for such failure by obtaining in the aggregate of the obligatory subjects, sufficient marks to give him the same *proportional* excess over the aggregate minimum marks of such subjects as his deficiency bears towards the maximum of the subject he fails in most.

III.—Obtain the qualifying minimum at the final examination in Each obligatory subject, with the following limitation :—

(Alternative.) A Cadet who fails in only *one* obligatory subject, and by a deficiency of marks not greater than $\frac{1}{10}$ the maximum assigned to it, may *compensate* for such failure by obtaining *half* the aggregate of marks allotted to the final examination of the whole of the obligatory subjects (Drills and Exercises excepted).

(b.) The obligatory subjects and the qualifying minimum of each for the *full course* under Condition II, and for the *final examination* under Condition III, are as follows :

French.....	One-third.
*English.....	One-half.
Freehand Drawing and Painting.....	One-third.
†Military Drills and Exercises, <i>i. e.</i> { Artillery, Engineer, Infantry } { Gymnastics, Swimming and } { Equitation, <i>combined</i> }	One-half.

*For French-speaking candidates the qualifying minimum in English is one-third.

The subject marked † is obligatory for the *full course* (Condition II) only, not for final examination (Condition III).

DIPLOMA OF GRADUATION WITH HONOURS.

128. The conditions requisite to entitle to a "Diploma of Graduation with Honours" are as follows :

Every Cadet who has never been rusticated, who has qualified for an ordinary Diploma of Graduation, and who has obtained "Distinguished" in at least seven subjects shall receive a "Diploma with Honours."

QUALIFICATIONS TO RECORD ON DIPLOMA OF GRADUATION, "PASS" OR "DISTINGUISHED" IN ANY SUBJECT.

129. The conditions requisite to entitle to record on Diploma of Graduation, "Pass," or "Distinguished" in any subject of Instruction, are as follows :—

a. For Record of " Pass."

The Cadet must obtain the qualifying minimum of marks in the subject, both for the entire course and at the final examination in the subject. If a subject is partly voluntary he need only obtain the minimum in the obligatory part of it.

(b.) For Record as " Distinguished."

The Cadet must obtain at least the proportion of marks for the entire subject, whether obligatory, voluntary, or both, given in the following table. He may, however, compensate for any deficiency in the decimal of the obligatory part of the subject by obtaining an excess of three times the deficiency in the voluntary; and a deficiency in the voluntary part may be compensated by an excess in the obligatory of twice the decimal deficiency.

For record as " Distinguished " in Chemistry both Inorganic and Organic Chemistry, or in lieu of latter, Chemistry of metals, must be taken up.

Any marks obtained for N. C. Officers as Drill Instructors, or for Voluntary Gymnastics, or Voluntary Swordsmanship, will count towards " Distinguished " for " Drills and Exercises, but will not be required for, or count towards, qualification for " Pass " for that Subject.

" Distinguished " for N.C.O. Discipline will be determined by the proportion obtained of the aggregate of the marks allotted to each rank the

Cadet has served in, corrected for his time of service in each rank. No Cadet is eligible for it if he has been reduced.

130. A Cadet who, under special circumstances, may (at the completion of his service) have been granted extension of time, or special privilege by which to qualify in any subject he may have failed in, is not eligible to the record of "Distinguished" in *that subject*, or for a "Diploma with Honours," and he will rank as junior of the graduating batch.

131. The official "Diploma of Graduation," "Diploma of Graduation with Honours" and the "Certificate of Military Qualification" are the only documents referring to a Cadet's College Course which are permitted to be issued. A Cadet who fails to qualify for such Diploma is not eligible for a certificate or letter representing qualification in *any particular branch or branches of instruction in which he may have obtained the qualifying maximum*. Members of the Staff are prohibited from giving, directly or indirectly to any person whatever, duplicate Diplomas, Certificates of Military Qualification, or any certificate of "Pass" in any particular subject.

132. Diplomas of Graduation are liable to be cancelled for misconduct prior to the date of *final discharge* of a Cadet. The discharge will be granted *not earlier* than 14 days from the date of his having left the College.

COMMISSIONS IN HER MAJESTY'S REGULAR ARMY.

133. Four Commissions, viz:—One in the Royal Engineers, one in the Royal Artillery, one in the Cavalry, and one in the Infantry, of the Regular Army, will be given annually to the College.

(a). The Commission and choice of Corps will be offered in regular order, first to the Cadet who has obtained the greatest number of marks *from date of his joining to date of his leaving the College*, then to the Cadet who has received the next greatest number of marks, and so on, in succession.

(b) In the event of there not being in any one year a sufficient number of Cadets qualified and wishing to obtain a Commission in the Royal Engineers or Royal Artillery or Cavalry, then the four Commissions may be given in the Infantry.

134. A Cadet will not be eligible for a Commission unless he has obtained a Diploma of Graduation, and is reported by the Commandant to be in every way fitted for a Commission in the particular branch of the service selected.

COMMISSIONS IN THE MILITIA, DOMINION OF CANADA.

135. Cadets who have not obtained Commissions in H. M. Regular Army will on graduating be appointed Lieutenants in the Militia.

(a.) The seniority of these Commissions will be determined by the number of marks a Cadet has counted from the date of his

joining the Royal Military College to the date of his graduating, irrespective of his College rank as Cadet N. C. Officer or Cadet.

- (b.) Promotion to a higher rank will be made from this list after a specified period of service in each rank. The period to be hereafter fixed.

136. So soon as there are a sufficient number of eligible Graduates, appointments to permanent military corps will be made solely from this list; and after sufficient length of service and rank has been obtained by Graduates, permanent Militia offices will be filled therefrom.
