ATTENDU que par la section 5 de l' "Acte concernant les pêcheries" il est défendu de faire usage de matières explosives dans la pêche à la baleine, et attendu qu'il semble maintenant qu'on a adopté récemment l'usage de matières explosives perfectionnées qui ne soulèvent plus d'objection à cause de leur effet destructeur, comme celles en usage jusque-là, contre lesquelles était dirigée la prohibition, et attendu de plus que l'usage de ces matières explosives perfectionnées est maintenant adopté par les baleiniers américains qui fréquentent les mêmes eaux que les baleiniers canadiens,—

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

CONSIDERANT qu'une maladie contagieuse affectant les moutons et connue sous le nom de "gale des moutons", règne dans le comté de Laprairie et les comtés environnants, dans la province de

Québec, et qu'il est à propos de pourvoir à la séparation et l'isolement, autant que possible, des animaux atteints de cette maladie,—il a plu à Son Excellence, sur la recommandation du ministre de l'agriculture, et sous l'autorité des dispositions de l'acte 42 Vict., chapitre 23, et intitulé "Acte pour mieux protéger les animaux contre les épizooties ou les maladies contagieuses qui les attaquent," ordonner, et il est par le présent ordonné que les règlements suivants soient mis en vigueur :—

1. Il sera du devoir de tout cultivateur, propriétaire, ou éleveur, ou marchand de moutons, dès qu'il verra se manifester des symptômes de la maladie appelée "la gale des moutons" parmi aucun des animaux qu'il possède ou qui sont confiés à ses soins, de donner immédiatement avis de ce fait au ministre de l'agriculture, à Ottawa, ainsi que prescrit par la section 2 du dit acte.

S'il néglige de se conformer à la présente prescription, le propriétaire des moutons malades comme susdit perdra tout droit à une indemnité et n'en recevra aucune dans le cas où ces animaux seraient abattus conformément aux dispositions du présent acte ; et, de plus, la dissimulation de l'existence de cette maladie rendra, sur conviction de ce fait, passible d'une amende n'excédant pas deux cents piastres la personne qui s'en sera rendue coupable.

Quiconque enverra aux champs, gardera ou fera paître des moutons, sachant que ces animaux sont infectés de la maladie appelée la "gale des moutons," ou ont été exposés à l'infection ou contagion de cette maladie, dans ou sur quelque forêt, bois, savanne, grève, marécage, commune, terrain vague, champ ouvert ou autre terrain non divisé ou non clos, sera, sur conviction, puni d'une amende n'excédant pas deux cents piastres.

3. Quiconque amènera sur un marché ou ailleurs un animal qu'il saura infecté de la "gale des moutons," encourra et paiera, pour chaque contravention dont il sera convaincu, une amende n'excédant pas deux cents piastres.

4. Toute personne qui jettera ou mettra ou fera jeter ou mettre dans une rivière, cours d'eau, canal, dans des eaux navigables ou autres, ou dans la mer à moins de dix milles du rivage, le corps d'un mouton mort de la "gale des moutons," ou qui aura été abattu parce qu'il était attaqué de cette maladie, encourra et paiera sur conviction de ce fait, une amende n'excédant pas deux cents piastres.

5. Toute personne qui déterrera, fera déterrer ou permettra que l'on déterre le cadavre enfoui d'un mouton mort ou supposé mort de la "gale des moutons," ou abattu à cause de cette maladie, encourra et paiera, sur conviction de ce fait, une amende n'excédant pas cent piastres.

6. Lorsqu'un mouton infecté de la "gale des moutons" sera exposé ou mis en vente, ou qu'on l'amènera dans ce but sur un marché, à une foire ou autre lieu ouvert ou public où l'on expose d'ordinaire des animaux en vente, alors tout agent de police, officier municipal ou inspecteur dûment autorisé fera confisquer et détruire cet animal ainsi que toutes enceintes, claies, auges, litières, foin, paille ou autres objets infectés, ou en fera disposer de telle manière que bon lui semblera ou qui pourra être ordonnée.

7. Nul ne pourra avoir en sa possession ou sous ses soins un mouton infecté de la "gale des moutons," ni le faire soigner d'aucune manière dans le but de le guérir de cette maladie.

8. Les moutons infectés de la "gale des moutons," ou les moutons qui se seront trouvés en contact avec d'autres moutons malades de la dite gale, ou qui auront été dans des champs, écuries, étables ou autres bâtiments dans lesquels l'existence de cette maladie aura été constatée, ne pourront pas être déplacés, sans un permis par écrit d'un inspecteur autorisé à cette fin par le ministre de l'agriculture.

9. Tous les hangars, dépendances et lieux occupés par des moutons infectés de la gale, devront être nettoyés et désinfectés à l'aide d'eau chaude et d'acide carbolique, (dont une livre par quatre gallons d'eau), et ensuite blanchis à l'eau vive dans laquelle sera mêlée du chlorure de chaux dans la proportion de une livre de chlorure pour chaque gallon d'eau, jusqu'à la hauteur d'au moins cinq pieds du sol ou plancher.

10. Lorsque la chose sera jugée nécessaire, un inspecteur ordonnera d'abattre et enfouir tous les animaux gravement infectés de la maladie ci-dessus, et toute personne ayant en sa possession des moutons infectés de la "gale des moutons" et qui ne les soignera pas de la manière ordonnée, sera passible des amendes qui pourront être infligées en vertu des dispositions de l'acte susdit.

ATTENDU que par la section 5 de l' "Acte concernant les pêcheries" il est défendu de faire usage de matières explosives dans la pêche à la baleine, et attendu qu'il semble maintenant qu'on a adopté récemment l'usage de matières explosives perfectionnées qui ne soulèvent plus d'objection à cause de leur effet destructeur, comme celles en usage jusque-là, contre lesquelles était dirigée la prohibition, et attendu de plus que l'usage de ces matières explosives perfectionnées est maintenant adopté par les baleiniers américains qui fréquentent les mêmes eaux que les baleiniers canadiens,—

CONSIDERANT qu'une maladie contagieuse affectant les moutons et connue sous le nom de "gale des moutons", règne dans le comté de Laprairie et les comtés environnants, dans la province de Québec, et qu'il est à propos de pourvoir à la séparation et l'isolement, autant que possible, des animaux atteints de cette maladie,—Il a plu à Son Excellence, sur la recommandation du ministre de l'agriculture, et sous l'autorité des dispositions de l'acte 42 Vict., chapitre 23, et intitulé "Acte pour mieux protéger les animaux contre les épizooties ou les maladies contagieuses qui les attaquent," ordonner, et il est par le présent ordonné que les règlements suivants soient mis en vigueur :—

1. Il sera du devoir de tout cultivateur, propriétaire, ou éleveur, ou marchand de moutons, dès qu'il verra se manifester des symptômes de la maladie appelée "la gale des moutons" parmi aucun des animaux qu'il possède ou qui sont confiés à ses soins, de donner immédiatement avis de ce fait au ministre de l'agriculture, à Ottawa, ainsi que prescrit par la section 2 du dit acte.

S'il néglige de se conformer à la présente prescription, le propriétaire des moutons malades comme susdit perdra tout droit à une indemnité et n'en recevra aucune dans le cas où ces animaux seraient abattus conformément aux dispositions du présent acte; et, de plus, la dissimulation de l'existence de cette maladie rendra, sur conviction de ce fait, passible d'une amende n'excédant pas deux cents piastres la personne qui s'en sera rendue coupable.

2. Quiconque enverra aux champs, gardera ou fera paître des moutons, sachant que ces animaux sont infectés de la maladie appelée la "gale des moutons," ou ont été exposés à l'infection ou contagion de cette maladie, dans ou sur quelque forêt, bois, savanne, grève, marécage, commune, terrain vague, champ ouvert ou autre terrain non divisé ou non clos, sera, sur conviction, puni d'une amende n'excédant pas deux cents piastres.

3. Quiconque amènera sur un marché ou ailleurs un animal qu'il saura infecté de la "gale des moutons," encourra et paiera, pour chaque contravention dont il sera convaincu, une amende n'excédant pas deux cents piastres.

4. Toute personne qui jettera ou mettra ou fera jeter ou mettre dans une rivière, cours d'eau, canal, dans des eaux navigables ou autres, ou dans la mer à moins de dix milles du rivage, le corps d'un mouton mort de la "gale des moutons," ou qui aura été abattu parce qu'il était attaqué de cette maladie, encourra et paiera sur conviction de ce fait, une amende n'excédant pas deux cents piastres.

5. Toute personne qui déterrera, fera déterrer ou permettra que l'on déterre le cadavre enfoui d'un mouton mort ou supposé mort de la "gale des moutons," ou abattu à cause de cette maladie, encourra et paiera, sur conviction de ce fait, une amende n'excédant pas cent piastres.

6. Lorsqu'un mouton infecté de la "gale des moutons" sera exposé ou mis en vente, ou qu'on l'amènera

dans ce but sur un marché, à une foire ou autre lieu ouvert ou public où l'on expose d'ordinaire des animaux en vente, alors tout agent de police, officier municipal ou inspecteur dûment autorisé fera confisquer et détruire cet animal ainsi que toutes enceintes, claies, auges, litières, foin, paille ou autres objets infectés, ou en fera disposer de telle manière que bon lui semblera ou qui pourra être ordonnée.

7. Nul ne pourra avoir en sa possession ou sous ses soins un mouton infecté de la "gale des moutons," sans le faire soigner d'une manière ou d'une autre dans le but de le guérir de cette maladie.

8. Les moutons infectés de la "gale des moutons," ou les moutons qui se seront trouvés en contact avec d'autres moutons malades de la dite gale, ou qui auront été dans des champs, écuries, étables ou autres bâtiments dans lesquels l'existence de cette maladie aura été constatée, ne pourront pas être déplacés, sans un permis par écrit d'un inspecteur autorisé à cette fin par le ministre de l'agriculture.

9. Tous les hangars, dépendances et lieux occupés par des moutons infectés de la gale, devront être nettoyés et désinfectés à l'aide d'eau chaude et d'acide carbolique, (dont une livre par quatre gallons d'eau), et ensuite blanchis à la chaux vive dans laquelle sera mêlée du chlorure de chaux dans la proportion de une livre de chlorure pour chaque gallon d'eau, jusqu'à la hauteur d'au moins cinq pieds du sol ou plancher.

10. Lorsque la chose sera jugée nécessaire, un inspecteur ordonnera d'abattre et enfouir tous les animaux gravement infectés de la maladie ci-dessus, et toute personne ayant en sa possession des moutons infectés de la "gale des moutons" et qui ne les soignera pas de la manière ordonnée, sera passible des amendes qui pourront être infligées en vertu des dispositions de l'acte susdit.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

ROBERT LEMOINE,

CHANGE IN INDIAN POINT LIGHT.

NOTICE is hereby given that, from the opening of navigation this year, a change has been made in the arrangement of the light established last year on the Shoal off Indian Point, Bedeque Bay, at the entrance to Summerside Harbor, Prince County, Prince Edward Island.

Lat. N. 46° 22' 40"
Long. W. 63° 48' 50"

The light formerly showed fixed red between the bearings N. N. E. $\frac{1}{2}$ E. and N. E. $\frac{1}{2}$ E., and fixed white from all other points seaward, but it will now show fixed *white* between Sea Cow Head and the most southerly point of Miscouche Shoals, as well as into the harbor; and fixed *green* over Miscouche Shoals, or between the bearings E. by N. $\frac{1}{4}$ N. and E. S. E.

In entering the harbor from the North-westward vessels can stand in for the lighthouse as soon as the white light is opened, leaving it on the starboard side, after which the harbor buoys and the light on the railway wharf will guide. A vessel outside the light beating in or out of the harbor should come about immediately upon losing sight of the white light.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé

ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

- DISCOURS.
- Honorables Messieurs du Sénat :*
Messieurs de la Chambre des Communes :
- Je désire vous remercier sincèrement du zèle et de l'assiduité que vous avez mis à remplir vos devoirs parlementaires, et je suis heureux de croire qu'à votre retour dans vos foyers, vous trouverez, partout, le pays jouissant d'une grande prospérité.
- L'Acte du service civil produira, j'en ai l'espoir, les meilleurs résultats, en améliorant l'organisation et le fonctionnement de ce service qui fonctionne déjà d'une manière si satisfaisante.

The measures relating to the extradition of fugitive offenders, to the winding up of insolvent Banks, Insurance Companies and Trading Corporations, and for amending the Criminal Law, are all of an important nature.

The appropriation in aid of Railway enterprise will tend greatly to open up vast tracts of fertile country hitherto almost inaccessible to the settler.

The annual grant for the encouragement of the sea fisheries and the improvement of the condition of the fishermen will be of great value to that important branch of the national industries.

The removal of the duties on tea and coffee will lessen the cost of those important articles of food to the people, and the repeal of the Stamp tax on Bills of Exchange and Promissory Notes will be appreciated by the commercial community as a relief from an irksome burden, while the transmission of newspapers and periodicals free from postage will be accepted as a boon by the whole country.

Our manufacturers already in a prosperous condition will be further aided by the abolition of the duties on metals and other raw materials used in their several productions.

It is satisfactory to know that the buoyant state of the revenue will permit these reductions, amounting to about a million and a quarter of dollars, to be made without inconvenience.

During the recess my Ministers will continue their efforts to secure favourable commercial arrangements with France and Spain. In these endeavours the High Commissioner will receive the same hearty support from Her Majesty's Government and the Imperial Diplomacy as has already been given to him.

Such support must greatly strengthen Canada in any negotiations entered into for the improvement of her trade with Foreign Countries.

It has been the more readily accorded that Her Majesty's Government rely on no preference being given by Canada against the Trade or Products of the Mother Country.

Gentlemen of the House of Commons :

I thank you in Her Majesty's name for the supplies you have granted, which will be expended with all due attention to economy.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

I heartily congratulate you on the rapid and successful development of our manufacturing, agricultural and other industries.

I am, however, advised that their progress would have been still greater were it not that capitalists hesitate to embark their means in undertakings which would be injured, if not destroyed, by a change in the Trade and Fiscal Policy adopted by you in

Les Actes relatifs à l'extradition des criminels ou délinquants qui se réfugient en Canada, à la liquidation des affaires des banques, compagnies d'assurances et corporations de commerce en état d'insolvabilité, et l'acte amendement l'acte concernant l'administration de la justice criminelle, sont autant de mesures d'une nature importante.

Le crédit voté pour subventionner des entreprises de chemins de fer, contribuera grandement à ouvrir de vastes régions fertiles, jusqu'à présent inaccessibles aux colons.

Le crédit annuel affecté à l'encouragement des pêcheries maritimes et à l'amélioration de la position des pêcheurs sera de grande valeur pour cette branche importante des industries nationales.

L'abolition des droits sur le thé et le café réduira, pour la population, le prix de ces importantes denrées alimentaires ; l'abolition du droit de timbre sur les lettres de change et les billets promissoires sera appréciée par le commerce qu'elle soulagera d'un fardeau pénible, et la transmission des journaux et revues, francs de port, sera accueillie comme un bienfait par tout le pays.

Nos manufactures, déjà prospères, bénéficieront encore de l'abolition des droits sur les métaux et autres matières premières employées dans certaines fabrications.

Il est satisfaisant de constater que l'heureux état du revenu permettra d'opérer, sans inconvénient, ces réductions qui représentent annuellement un million et un quart de piastres.

Durant les vacances du parlement, mes ministres continueront leurs efforts pour arriver à des conventions commerciales avantageuses avec la France et l'Espagne. Dans ces démarches, le Haut Commissaire aura encore l'appui cordial du gouvernement de Sa Majesté et de la diplomatie impériale, appui que déjà on lui a prêté si volontiers.

Cet appui devra grandement fortifier le Canada dans toutes les négociations qui pourront être entamées en vue d'améliorer ses relations commerciales avec les pays étrangers.

Cet appui a été accordé d'autant plus volontiers que le gouvernement de Sa Majesté a confiance que le Canada n'établira point de distinction préjudiciable au commerce et aux produits de la mère-patrie.

Messieurs de la Chambre des Communes,

Au nom de Sa Majesté, je vous remercie des subsides que vous avez accordés et qui seront dépensés en ayant pleinement égard à l'économie.

Honorables Messieurs du Sénat,

Messieurs de la Chambre des Communes,

Je vous félicite cordialement de l'heureux et rapide développement de nos industries manufacturières, agricoles et autres.

On m'avise, néanmoins, que leur développement eût été encore plus considérable, si les capitalistes n'eussent pas hésité à engager leurs ressources dans des entreprises auxquelles un changement dans la politique commerciale et fiscale par vous adoptée en 1879, serait nuisible, s'il ne les ruinait pas.

1879. In order therefore to give the people, without further delay, an opportunity of expressing their deliberate opinion on this policy, and at the same time to bring into operation the measure for the readjustment of the representation in the House of Commons it is my intention to cause this Parliament to be dissolved at an early day.

The SPEAKER of the Senate then said :—

Honourable Gentlemen of the Senate and Gentlemen of the House of Commons :

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Monday, the 26th day of June next to be here held, and this Parliament is accordingly prorogued until Monday, the 26th day of June next.

En conséquence, afin de donner sans délai au peuple une occasion d'exprimer son opinion formelle sur cette politique et, en même temps, de mettre en opération la mesure à l'effet de répartir de nouveau la représentation, dans la Chambre des Communes, c'est mon intention de dissoudre ce parlement à une date prochaine.

L'ORATEUR du Sénat alors dit :—

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes :

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR-GÉNÉRAL, que ce parlement soit prorogé jusqu'à lundi, le vingt-sixième jour de juin prochain, pour être tenu en ce lieu, et ce Parlement est, en conséquence, prorogé jusqu'à lundi, le vingt-sixième jour de juin prochain.

SPEECH:

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I desire to convey to you my best thanks for the earnestness and assiduity which you have shown in

the performance of your Parliamentary duties, and I am glad to believe that on returning to your homes you will find the country everywhere enjoying a large measure of prosperity.

The Civil Service Act will, I trust, be productive of the best results. It will improve the organization and add to the usefulness of that service, already so efficient.

The measures relating to the extradition of fugitive offenders, to the winding up of insolvent Banks, Insurance Companies and Trading Corporations, and for amending the Criminal Law, are all of an important nature.

The appropriation in aid of Railway enterprise will tend greatly to open up vast tracts of fertile country hitherto almost inaccessible to the settler.

The annual grant for the encouragement of the sea fisheries and the improvement of the condition of the fishermen will be of great value to that important branch of the national industries.

The removal of the duties on tea and coffee will lessen the cost of those important articles of food to the people, and the repeal of the Stamp tax on Bills of Exchange and Promissory Notes will be appreciated by the commercial community as a relief from an irksome burden, while the transmission of newspapers and periodicals free from postage will be accepted as a boon by the whole country.

Our manufacturers already in a prosperous condition will be further aided by the abolition of the duties on metals and other raw materials used in their several productions.

It is satisfactory to know that the buoyant state of the revenue will permit these reductions, amounting to about a million and a quarter of dollars, to be made without inconvenience.

During the recess my Ministers will continue their efforts to secure favourable commercial arrangements with France and Spain. In these endeavours the High Commissioner will receive the same hearty support from Her Majesty's Government and the Imperial Diplomacy as has already been given to him.

Such support must greatly strengthen Canada in any negotiations entered into for the improvement of her trade with Foreign Countries.

It has been the more readily accorded that Her Majesty's Government rely on no preference being given by Canada against the Trade or Products of the Mother Country.

Gentlemen of the House of Commons :

I thank you in Her Majesty's name for the supplies you have granted, which will be expended with all due attention to economy.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

I heartily congratulate you on the rapid and successful development of our manufacturing, agricultural and other industries.

I am, however, advised that their progress would have been still greater were it not that capitalists hesitate to embark their means in undertakings which would be injured, if not destroyed, by a change in the Trade and Fiscal Policy adopted by you in 1879. In order therefore to give the people, without further delay, an opportunity of expressing their deliberate opinion on this policy, and at the same time to bring into operation the measure for the readjustment of the representation in the House of Commons it is my intention to cause this Parliament to be dissolved at an early day.

The SPEAKER of the Senate then said :—

Honourable Gentlemen of the Senate and Gentlemen of the House of Commons :

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Monday, the 26th day of June next to be here held, and thus Parliament is accordingly prorogued until Monday, the 26th day of June next.

" QU'IL PLAISE A VOTRE EXCELLENCE :

" Les Communes du Canada ont voté les subsides nécessaires pour permettre au gouvernement de faire face aux dépenses du service public.

" Au nom des Communes, je présente à Votre Excellence un bill intitulé :

" Acte pour accorder à Sa Majesté certaines sommes d'argent nécessaires pour subvenir à certaines dépenses du service public, pour les années fiscales expirant respectivement le 30 juin 1882, et le 30 juin 1883, et pour d'autres objets se rattachant au service public ;"

que je prie humblement] Votre Excellence de sanctionner."

A ce bill la sanction royale a été donnée dans les termes suivants :

" Au nom de Sa Majesté, Son Excellence le Gouverneur-Général remercie ses loyaux sujets, accepte leur bienveillance et sanctionne ce bill."

Après quoi, il a plu à Son Excellence le Gouverneur-Général de clore la QUATRIÈME SESSION du QUATRIÈME PARLEMENT de la PUISSANCE par le discours suivant :

DISCOURS.

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

Je désire vous remercier sincèrement du zèle et de l'assiduité que vous avez mis à remplir vos devoirs parlementaires, et je suis heureux de croire qu'à votre retour dans vos foyers, vous trouverez, partout, le pays jouissant d'une grande prospérité.

L'Acte du service civil produira, j'en ai l'espoir, les meilleurs résultats, en améliorant l'organisation et le fonctionnement de ce service qui fonctionne déjà d'une manière si satisfaisante.

Les Actes relatifs à l'extradition des criminels ou délinquants qui se réfugient en Canada, à la liquidation des affaires des banques, compagnies d'assurances et corporations de commerce en état d'insolvabilité, et l'acte amendant l'acte concernant l'administration de la justice criminelle, sont autant de mesures d'une nature importante.

Le crédit voté pour subventionner des entreprises de chemins de fer, contribuera grandement à ouvrir de vastes régions fertiles, jusqu'à présent inaccessibles aux colons.

Le crédit annuel affecté à l'encouragement des pêcheries maritimes et à l'amélioration de la position des pêcheurs sera de grande valeur pour cette branche importante des industries nationales.

L'abolition des droits sur le thé et le café réduira, pour la population, le prix de ces importantes denrées

alimentaires ; l'abolition du droit de timbre sur les lettres de change et les billets promissoires sera appréciée par le commerce qu'elle soulagera d'un fardeau pénible, et la transmission des journaux et revues, francs de port, sera accueillie comme un bienfait par tout le pays.

Nos manufactures, déjà prospères, bénéficieront encore de l'abolition des droits sur les métaux et autres matières premières employées dans certaines fabrications.

Il est satisfaisant de constater que l'heureux état du revenu permettra d'opérer, sans inconvénient, ces réductions qui représentent annuellement un million et un quart de piastres.

Durant les vacances du parlement, mes ministres continueront leurs efforts pour arriver à des conventions commerciales avantageuses avec la France et l'Espagne. Dans ces démarches, le Haut Commissaire aura encore l'appui cordial du gouvernement de Sa Majesté et de la diplomatie impériale, appui que déjà on lui a prêté si volontiers.

Cet appui devra grandement fortifier le Canada dans toutes les négociations qui pourront être entamées en vue d'améliorer ses relations commerciales avec les pays étrangers.

Cet appui a été accordé d'autant plus volontiers que le gouvernement de Sa Majesté a confiance que le Canada n'établira point de distinction préjudiciable au commerce et aux produits de la mère-patrie.

Messieurs de la Chambre des Communes,

Au nom de Sa Majesté, je vous remercie des subsides que vous avez accordés et qui seront dépensés en ayant pleinement égard à l'économie.

Honorables Messieurs du Sénat,

Messieurs de la Chambre des Communes,

Je vous félicite cordialement de l'heureux et rapide développement de nos industries manufacturières, agricoles et autres.

On m'avise, néanmoins, que leur développement eût été encore plus considérable, si les capitalistes n'eussent pas hésité à engager leurs ressources dans des entreprises auxquelles un changement dans la politique commerciale et fiscale par vous adoptée en 1879, serait nuisible, s'il ne les ruinait pas.

En conséquence, afin de donner sans délai au peuple une occasion d'exprimer son opinion formelle sur cette politique et, en même temps, de mettre en opération la mesure à l'effet de répartir de nouveau la représentation, dans la Chambre des Communes, c'est mon intention de dissoudre ce parlement à une date prochaine.

L'ORATEUR du Sénat alors dit :—

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes :

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR-GÉNÉRAL, que ce parlement soit prorogé jusqu'à lundi, le vingt-sixième jour de juin prochain, pour être tenu en ce lieu, et ce Parlement est, en conséquence, prorogé jusqu'à lundi, le vingt-sixième jour de juin prochain.

Mercredi, 3 mai 1882.

PRÉSENT :

il est par le présent ordonné, que le numéro quatre des règlements concernant l'inspection des appareils à éprouver le grain, établis par un ordre en conseil du 6 décembre 1881, soit, et le dit numéro est par le présent, amendé, et le règlement suivant y est substitué, savoir :—

ORDERS IN COUNCIL.

CERTIFIED COPY of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 23rd May, 1882.

ON a report dated 17th-May 1882, from the Acting Minister of Marine and Fisheries, submitting that by the provisions of the 18th section of the Pilotage Act 36 Vic. chap. 54, sub-section 8, it is determined that the rates of pilotage for and below the Harbor of Quebec set forth in tables 1 and 2 of schedule A, to the Act of the Legislature of the Province of Canada passed in the 12th year of Her Majesty's reign, chapter 114, intituled "An Act to consolidate the laws relative to the powers and duties of the Trinity House of Quebec and for other purposes" shall not be altered for three years after the going into force of the Act 36 Vic. chap. 54, nor unless the share of the net income of the Corporation of Pilots annually accruing to each member of the corporation acting and practising as a pilot for and below the Harbor of Quebec has been less than six hundred dollars (\$600), on an average of three years previous.

The Minister states that it has been represented to him that the net income of each pilot for the past three years has fallen below six hundred dollars (\$600.)

That measures have been taken by the passage of a Bill through Parliament to reduce the number of pilots so as to allow to the reduced number the specified sum of \$600, or a greater sum, but inasmuch as a year at least must elapse before such reduction in the number of pilots can be made, the Minister recommends that the accompanying by-law passed by the Harbor Commissioners of Quebec at a meeting held on the 3rd instant, repealing the existing rates of pilotage and increasing the rates be approved, such by-law to have effect and the increased rates to continue in force only during the season of navigation in the year 1882.

The committee concur in the foregoing report of the Acting Minister of Marine and Fisheries and advise that the rule submitted be approved accordingly.

JOHN J. MCGEE.

NOTICE TO MARINERS.

No. 9 of 1882.

CHANGE IN INDIAN POINT LIGHT.

NOTICE is hereby given that, from the opening of navigation this year, a change has been made in the arrangement of the light established last year on the Shoal off Indian Point, Bedeque Bay, at the entrance to Summerside Harbor, Prince County, Prince Edward Island.

Lat. N. 46° 22' 40"
Long. W. 63° 48' 50"

The light formerly showed fixed red between the bearings N. N. E. $\frac{1}{2}$ E. and N. E. $\frac{1}{2}$ E., and fixed white from all other points seaward, but it will now show fixed *white* between Sea Cow Head and the most southerly point of Miscouche Shoals, as well as into the harbor; and fixed *green* over Miscouche Shoals, or between the bearings E. by N. $\frac{1}{4}$ N. and E. S. E.

In entering the harbor from the North-westward vessels can stand in for the lighthouse as soon as the white light is opened, leaving it on the starboard side, after which the harbor buoys and the light on the railway wharf will guide. A vessel outside the light beating in or out of the harbor should come about immediately upon losing sight of the white light.

ORDRES EN CONSEIL.

COPIE certifiée d'un rapport du comité de l'Honorable Conseil Privé, approuvé par Son Excellence le Gouverneur-Général en conseil le 23 mai 1882.

SUR un rapport daté du 17 mai 1882, fait par le ministre de la Marine et des Pêcheries et observant qu'en vertu de la 18e section de l'Acte concernant le Pilotage, 36 Vict., chap. 54, sous-section 8, il est réglé que les taux de pilotage pour le port de Québec et en bas d'icelui marqués dans les tableaux 1 et 2 de la cédula "A" de l'Acte de la législature de la province du Canada, adopté dans la 12e année du règne de Sa Majesté, chapitre 114, intitulé: "Acte pour refondre les lois se rapportant aux pouvoirs et devoirs de la Maison de Trinité de Québec, et pour autres fins," ne seront pas changées durant les trois années qui suivront la mise en force de l'Acte 36 Vict., chap. 54, et ne le seront non plus à moins que la part du revenu net de la Corporation des Pilotes échéant chaque année à chacun des membres de la corporation agissant et pratiquant comme pilote pour le port de Québec et en bas d'icelui ait été moindre

que six cents piastres (\$600) en moyenne pour les trois années précédentes.

Le ministre déclare qu'il lui a été représenté que le revenu net de chaque pilote durant les trois dernières années a été de moins que six cents piastres (\$600).

Que des mesures ont été prises par l'adoption d'un bill au parlement pour réduire le nombre des pilotes de manière à obtenir au nombre réduit des pilotes la somme spécifiée de \$600 ou une plus forte, mais comme une année au moins doit s'écouler avant que telle réduction dans le nombre des pilotes puisse être effectuée, le ministre recommande que le règlement ci-joint, adopté par les Commissaires du Havre de Québec à une assemblée tenue le 3 courant, rappelant les taux actuels de pilotage et les augmentant, soit approuvé, tel règlement devant avoir effet et les taux augmentés devant demeurer en force durant la saison de navigation de l'année 1882.

Le comité concourt dans le rapport du ministre de la marine et des pêcheries et conseille en conséquence l'adoption du règlement déposé.

JOHN J. MCGEE.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba:

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal

anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces:

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le

reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé — le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

AVIS est donné par le présent qu'une assemblée générale spéciale de la compagnie du chemin de fer Grand Tronc du Canada aura lieu au City Terminus Hotel, Cannon Street, Londres, E.C., jeudi, le vingt-neuvième jour de juin prochain, à une heure p.m. précise, dans le but de prendre en considération un arrangement entre les directeurs de la compagnie du chemin de fer Grand-Tronc du Canada, et les directeurs de la compagnie du chemin de fer Grand Occidental, ayant pour objet l'amalgamation des entreprises des deux compagnies en une seule, en vertu des pouvoirs conférés par l'acte du Conseil législatif et de l'Assemblée législative de la province du Canada, 16 Victoria, chap. 39, intitulé : "Acte pour autoriser toute compagnie de chemin de fer dont le chemin forme partie de l'artère principale de chemin

de fer dans cette province de se fusionner avec toute telle autre compagnie, ou d'acheter la propriété et les droits de toute telle autre compagnie, et d'abroger certains actes y mentionnés, incorporant des compagnies de chemin de fer," et en vertu des pouvoirs conférés par les divers actes, modifiant ou amplifiant cet acte; et dans le but soit de ratifier ou de désavouer cet arrangement tel que voulu par ces actes ou aucun d'eux, par cet arrangement, et en conformité des dispositions des actes ci-dessus mentionnés les objets suivants entre autres sont proposés d'être effectués à compter du 1er juillet 1882:

1. L'amalgamation des entreprises des deux compagnies actuelles en une seule entreprise sous le contrôle d'une seule compagnie.

2. Que l'une des compagnies prenne à son compte les obligations des deux compagnies actuelles, mais sans préjudice des droits des créanciers ou d'autres personnes ayant des réclamations contre l'entreprise ou parties de l'entreprise de chacune des deux compagnies actuelles.

3. Le maintien des effets de chacune des deux compagnies actuelles comme classe séparée et distincte d'effets sous le titre Effets du Grand Occidental, représentant les effets de la compagnie du Grand Occidental, et Effets du Grand-Tronc, représentant les effets actuels de la compagnie du Grand-Tronc.

5. Mais si les 30 pour cent attribués aux effets du Grand Occidental se trouvent en aucune année insuffisants pour payer cinq pour cent par année sur la partie privilégiée, et trois pour cent par année sur la partie ordinaire des actions, alors la différence sera égalisée à même les 70 pour cent attribués aux actions du Grand-Tronc, et toute somme payée pour égaliser cette différence sera remboursée à même tout surplus qui pourrait rester dans une année subséquente sur les 30 pour cent après paiement de l'intérêt aux taux plus haut mentionnés sur les actions du Grand Occidental.

6. Autant que possible un tiers des directeurs de l'entreprise amalgamée devront être porteurs d'effets du Grand Occidental, et les autres deux tiers être porteurs d'effets du Grand Tronc.

6. Every candidate must be in good health, and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and in all respects well developed and active in proportion to his age. Before being examined by the Civil Service Commissioners he will be required to pass the medical examination according to the prescribed regulations, and must have been found physically fit for the Navy; rejection at such examination will finally exclude him from the Navy.

7. The candidate will be required to produce (1) a certificate of the date of his birth,* or a declaration thereof made before a magistrate; (2) a certificate of good conduct from the masters of the school or schools at which he may have been educated during the two previous years, or, if educated at home, from the tutor or the clergyman of the parish in which he resides; and (3) a certificate of good health.

8. The candidates will be tested by examination in the following subjects:—

	Marks.
(1.) Arithmetic: including proportion, vulgar and decimal fractions.....	250
(2.) Algebra: including fractions and simple equations of one unknown quantity	175
(3.) Geometry: definitions, postulates, axioms, and subjects of the first twenty-six propositions of Euclid's Elements	175
(4.) English: writing from dictation, spelling 75, handwriting 25.....	100
reading with intelligence, and parsing easy sentences.....	100
(5.) French: translating, by aid of a dictionary, French into English, and English into French; reading, parsing, and speaking.....	200
(6.) Scripture history.....	100

Candidates will be further examined in any two of the following subjects they may select:

Elementary mathematics: miscellaneous questions in arithmetic, algebra, (including quadratic equations), and geometry to the end of the first book of Euclid's Elements...	300
Latin: reading, parsing, and translating, by aid of a dictionary, Latin into English, and English into Latin.....	300
Geography and English History	300

The final order of merit will be determined by the sum of the marks obtained in the test, as well as in the further examination.

In arithmetic the candidate will be required to obtain five tenths, and in each of the other subjects of the test examination four tenths of the marks allotted thereto. In English the candidate must obtain four tenths of the marks allotted for each of the two sub-divisions of the subject.

9. Colonial and Service Cadets will be appointed on passing the test examination; they must, however, obtain 660 marks in the aggregate, as well as the proportion of marks in arithmetic and other subjects required from the candidates who compete.

10. A candidate who passes the test examination, but does not succeed in the competition, will be entitled to compete at the next examination, provided he is within the regulations as to limits of age at that time. No candidate will be allowed to compete more than twice. A candidate who fails to pass the test will not be entitled to another trial, but he will be allowed to compete at the next examination if he receives a fresh nomination and is still within the limits of age.

11. A candidate who, owing to illness, fails to appear at the examination for which he has obtained his nomination may receive a second nomination, provided he is still within the limits of age.

12. For all Cadets entered under these regulations, the payment will be at the rate of 70% per annum for the period in the Britannia, to be paid half-yearly in

advance to the Accountant-General of the Navy. But the Lords Commissioners of the Admiralty reserve the power of selecting, from among the cadets entered at each half-yearly examination, a number, not to exceed 10, being sons of Officers of the Navy, Army, or Marines, or of Civil Officers under the Board of Admiralty, with respect to whom the annual payment will be 40% only. In this selection their Lordships will have regard solely to the pecuniary circumstances of the Cadets.

13. The period of training on board the Britannia will be four terms; there will be two terms in each year. The first term of each year will be from February to July, the second from September to December.

The vacations will be five weeks at Christmas, two weeks at Easter, and six weeks at Midsummer.

14. There will be examinations in Seamanship and Study at the end of each term.

Cadets who pass unsatisfactory examinations, or who are reported for unsatisfactory conduct, will be "warned," and they will be liable to be discharged at the end of the following or any subsequent term, should they again be reported as failing to attain the proper number of marks at the examinations, or for unsatisfactory conduct.

If a Cadet is reported for unsatisfactory conduct during his final term he will be discharged without being allowed to present himself at the examination for passing out of the Britannia.

Any Cadet who shall appear to their Lordships for any reason to be unfit for the Service will be removed from the Britannia.

15. It is to be distinctly understood that the period of training on board the Britannia is a time of probation, and the parent or guardian of every Cadet will be required to sign a declaration (on the admission of the Cadet to the Britannia) to the effect that he shall be immediately withdrawn on the receipt of an official intimation of his being considered unfit for the Navy.

16. Cadets will, on passing out of the Britannia, rank according to the amount of sea time they obtain at their final examination, and those who obtain equal amounts of sea time will rank in the order of merit in which they pass out of the Britannia.

17. The parent or guardian of every Cadet will be required to provide outfit under the regulation in force.

18. Pay and pocket money will not be allowed by Government to Cadets entered in and after June 1881.

By Command of their Lordships,

ROBERT HALL.

ORDERS IN COUNCIL.

CERTIFIED COPY of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 23rd May, 1882.

ON a report dated 17th May 1882, from the Acting Minister of Marine and Fisheries, submitting that by the provisions of the 18th section of the Pilotage Act 36 Vic. chap. 54, sub-section 8, it is determined that the rates of pilotage for and below the Harbor of Quebec set forth in tables 1 and 2 of schedule A, to the Act of the Legislature of the Province of Canada passed in the 12th year of Her Majesty's reign, chapter 114, intituled "An Act to consolidate the laws relative to the powers and duties of the Trinity House of Quebec and for other purposes" shall not be altered for three years after the going into force of the Act 36 Vic. chap. 54, nor unless the share of the net income of the Corporation of Pilots annually accruing to each member of the corporation acting and practising as a pilot for and below the Harbor of Quebec has been less than six hundred dollars (\$600), on an average of three years previous.

* A Certificate of Baptism will not be accepted.

The Minister states that it has been represented to him that the net income of each pilot for the past three years has fallen below six hundred dollars (\$600.)

That measures have been taken by the passage of a Bill through Parliament to reduce the number of pilots so as to allow to the reduced number the specified sum of \$600, or a greater sum, but inasmuch as a year at least must elapse before such reduction in the number of pilots can be made, the Minister recommends that the accompanying by-law passed by the Harbor Commissioners of Quebec at a meeting held on the 3rd instant, repealing the existing rates of pilotage and increasing the rates be approved, such by-law to have effect and the increased rates to continue in force only during the season of navigation in the year 1882.

The committee concur in the foregoing report of the Acting Minister of Marine and Fisheries and advise that the rule submitted be approved accordingly.

JOHN J. MCGEE.
Clerk, Privy Council.

49-3

Ci-suit un résumé des dispositions de l'acte mentionné dans la proclamation ci-dessus, savoir :—

Les mots "district proclamé" lorsque employés ci-après, signifient un endroit auquel le présent acte pourra avoir été appliqué par une proclamation émise sous son autorité; et le mot "arme" comprend tout fusil, carabine, revolver, pistolet ou autre arme à feu, ou fusil à air et toute partie de pareille arme, et toute balle, poudre, cartouche ou munition, et toute épée, lame d'épée, baïonnette, pique, tête de pique, dard, tête de dard, dague, poignard, couteau-poignard, ou autre instrument destiné à trancher ou poignarder; et toutes jointures d'acier ou de métal, bâton plombé, garcette, et toute autre arme meurtrière ou dangereuse de même nature.

A compter du jour y désigné et durant tout le temps que la proclamation qui précède restera en vigueur, il ne sera permis à qui que ce soit, n'étant pas un juge de paix, ni un officier, soldat, matelot ou volontaire, au service de Sa Majesté, étant de service, ou un constable ou autre officier de paix, ni une personne porteur d'un permis en vertu du présent acte, de porter ou avoir, dans les limites du district proclamé, ailleurs qu'à son domicile ou dans son magasin, sa boutique ou son comptoir, aucune arme; et quiconque portera ou aura quelque arme contrairement à la présente disposition, sera coupable de délit et sera passible, sur conviction du fait, d'emprisonnement dans toute prison ou tout lieu de détention, pendant un terme de pas plus de douze mois.

Il sera loisible à toute personne quelconque de saisir et appréhender tout individu qui sera trouvé porteur de quelque arme dans le district proclamé, contrairement au dit acte, et de remettre cet individu le plus tôt possible à la garde de quelque constable ou officier de paix, afin qu'il soit immédiatement conduit devant quelque autorité judiciaire compétente pour être traité suivant la loi.

Il sera loisible à tout juge de paix, constable ou autre officier de paix, de fouiller tout individu qu'il soupçonnera être porteur d'une arme dans le district proclamé, contrairement au dit acte, et de saisir et enlever à cet individu toute arme ainsi portée, et de la garder et détenir pour l'usage de Sa Majesté.

Tout juge de paix pourra, sur le serment d'un témoin digne de foi, déclarant qu'il croit que des

armes sont gardées dans quelque maison ou lieu situé dans le district proclamé, dans le but d'être portées dans le district proclamé contrairement aux dispositions de la troisième section du dit acte, émettre son mandat à tout constable ou officier de paix, de faire une perquisition et de saisir ces armes; et tel constable ou officier de paix, ou toute personne lui aidant, pourra faire cette perquisition; et s'il est trouvé des armes dans cette maison ou ce lieu, il pourra les saisir et les détenir.

Si l'entrée de cette maison ou de ce lieu n'est pas accordée après avoir été demandée, tel constable ou officier de paix comme susdit, et toute personne lui aidant, pourra, en tout temps entre le lever et le coucher du soleil, y entrer de force afin de faire la perquisition et la saisie.

A moins que la personne dans la maison ou sur la propriété de laquelle ces armes auront été trouvées ne prouve, dans les quatre jours qui suivront la saisie, à la satisfaction du juge de paix, qu'elles n'étaient pas dans cette maison ou dans ce lieu afin d'être portées dans le district proclamé, contrairement aux dispositions de la troisième section du dit acte, elles seront gardées et détenues pour l'usage de Sa Majesté; autrement, elles seront remises à cette personne.

Le Gouverneur en conseil pourra, de temps à autre, nommer une ou plusieurs personnes compétentes pour accorder, à sa ou leur discrétion, un permis ou des permis en vertu du dit acte, d'avoir et porter toute arme dans le district proclamé; et cette personne ou ces personnes pourra ou pourront de temps à autre révoquer tout tel permis; et une copie de cette révocation sera remise à la personne ou laissée au dernier domicile connu de toute personne dont le permis sera par là révoqué, et son permis sera dès lors nul et non avenu.

Quiconque sera accusé d'avoir commis une offense contre les dispositions de la troisième section du présent acte, pourra être traduit devant, et jugé par trois juges de paix, ou un fonctionnaire ou tribunal revêtu par l'autorité législative compétente du pouvoir d'accomplir seul les actes qui doivent être ordinairement accomplis par deux ou plus de juges de paix, en conformité de l'acte passé en la session tenue dans les 32e et 33e années du règne de Sa Majesté, chapitre 31, intitulé "Acte concernant les devoirs des juges de paix hors des sessions, relativement aux ordres et convictions sommaires."

La production d'un exemplaire imprimé de la *Gazette du Canada*, comportant avoir été imprimé par l'Imprimeur de la Reine, contenant la susdite proclamation, fera preuve probante de l'émission et publication de telle proclamation.

Il sera du devoir de la cour ou du juge de paix devant qui une personne sera convaincue en vertu de la troisième section du dit acte, de garder et détenir pour l'usage de Sa Majesté l'arme pour le port ou la possession de laquelle cette personne a été trouvée coupable.

Rien dans le dit acte n'empêchera qui que ce soit d'être passible, en vertu de tout autre acte ou autrement, de toute autre punition que celle édictée contre toute offense par le dit acte, mais de manière, cependant, que nul ne soit puni deux fois pour la même offense.

DOWNING STREET, 18 avril 1882.

MONSIEUR,—Relativement à ma dépêche circulaire du 20 janvier dernier, j'ai l'honneur de vous transmettre, pour l'information des habitants de la colonie placée sous votre gouvernement, copie des règlements revus qui régissent l'examen et l'admission des cadets de marine, lesquels seront mis en vigueur pour les examens qui auront lieu après le mois de juin prochain.

J'ai l'honneur d'être, monsieur,
Votre obéissant serviteur,

KIMBERLEY.

A l'administrateur du
Gouvernement du Canada.

RÈGLEMENTS concernant les cadets de marine, pour l'information des aspirants, devant être mis en vigueur après juin 1882.

1. Aux exceptions ci-après, les cadets de marine seront nommés par concours limité.

Quatre cadets seront choisis tous les ans parmi les fils de personnes résidant dans les colonies, sur la recommandation du secrétaire d'Etat pour les colonies.

Il ne sera pas admis plus de cinq cadets de l'armée en tout dans le cours d'un an. Ces cadets seront choisis par le conseil d'amirauté parmi (a) les fils d'officiers de l'armée, de marine, ou de troupes de marine, tués pendant l'action ou perdus en mer étant de service actif, ou tués en devoir, ou morts de blessures reçues pendant l'action ou étant de service, dans les 6 mois à compter de telle action ou blessure; (b) et parmi les fils d'officiers de marine qui ont fait un service long et distingué, et qui occupent ou ont occupé un grade ou grade relatif non inférieur à celui de commandant, sur la liste du service actif. Il ne sera nommé que deux de ces cadets tous les ans.

Les demandes d'admission comme cadets de l'armée devront être adressées au secrétaire militaire des Horse Guards, si l'aspirant est fils d'un officier de l'armée; au secrétaire de l'Amirauté, si l'aspirant est fils d'un officier de marine ou de troupes de marine; et au secrétaire militaire du Bureau des Indes, si l'aspirant est le fils d'un officier de l'armée des Indes.

Les cadets des colonies et de l'armée seront admis après avoir passé l'examen spécifié dans le paragraphe 8, et sous tous autres rapports seront soumis aux présents règlements.

L'examen des aspirants nommés pour concourir, ainsi que des cadets de l'armée, sera conduit par la commission du service civil. Chaque aspirant devra payer la somme de dix chelins.

2. Excepté dans les circonstances spéciales, il ne sera pas admis plus d'un tiers du nombre des aspirants qui se présenteront devant la commission du service civil.

3. Les cadets de marine seront nommés tous les six mois aussitôt que possible après que le rapport du dernier examen aura été reçu.

4. Les examens des jeunes gens qui auront obtenu leur nomination auront lieu à Londres et commenceront le deuxième mercredi de juin et le dernier mercredi de novembre chaque année, et les nominations dateront du 15 juillet et du 15 janvier respectivement.

5. Nul candidat ne pourra passer son examen en juin, à moins que, le 15 juillet suivant, il ne soit dans les limites d'âge ci-après, savoir: qu'il n'ait pas moins de douze ni plus de treize ans et demi; et nul ne sera examiné en novembre s'il ne se trouve dans ces limites d'âge le 15 janvier suivant.

6. Chaque aspirant devra être en bonne santé et exempt de tout défaut physique du corps; il ne devra pas être embarrassé dans sa prononciation, n'avoir aucun défaut de la vue ou de l'ouïe, ni aucune prédisposition à des maladies ou faiblesses constitutionnelles ou héréditaires, et être sous tous rapports bien développé et lesté en proportion de son âge. Avant d'être examiné par les commissaires du service civil, il devra subir l'examen du médecin conformément aux règlements présents, et il devra avoir été trouvé propre au service de la marine. Le rejet à cet examen l'exclura définitivement de la marine.

7. L'aspirant devra produire un certificat de la date de sa naissance, * ou une déclaration à cet effet faite devant un magistrat; (2) un certificat de bonne conduite donné par les maîtres de l'école ou des écoles où il pourra avoir reçu l'instruction pendant les deux années précédentes, ou, s'il a reçu l'instruction à domicile, par son tuteur ou le curé de la paroisse où il résidera; et (3) un certificat de santé.

8. Les aspirants subiront l'épreuve par l'examen sur les sujets suivants:—

Points.

(1.) Arithmétique, y compris les règles de proportion, les fractions ordinaires et décimales..... 250

* Un certificat de baptême ne sera pas accepté.

- (2.) Algèbre, y compris les fractions et les équations simples d'une quantité inconnue..... 175
- (3.) Géométrie : définitions, postulats, axiomes, et sujets des trente six premières propositions des éléments d'Euclide..... 175
- (4.) Anglais : écrire sous dictée ; épellation, 75 ; écriture, 25..... 100
Lire d'une manière intelligente et analyser des phrases faciles..... 100
- (5.) Français : traduction à l'aide d'un dictionnaire, du français en anglais et de l'anglais en français ; lire, analyser et parler..... 200
- (6.) Histoire de l'Écriture Sainte..... 100

Les aspirants seront ne plus examinés sur deux des sujets suivants, à leur choix :

- Mathématiques élémentaires : diverses questions en arithmétique, algèbre (y compris les équations quadratiques, et la géométrie jusqu'à la fin du premier livre des éléments d'Euclide..... 300
- Latin : lecture, analyse et traduction, à l'aide d'un dictionnaire, du latin en anglais et de l'anglais en latin..... 300
- Géographie et Histoire d'Angleterre..... 300

L'ordre de mérite définitif sera déterminé par le total des points obtenus dans l'épreuve ainsi que dans l'examen supplémentaire.

En arithmétique l'aspirant sera tenu d'obtenir les cinq-dixièmes, et dans chacune des autres matières d'examen les quatre-dixièmes des points attribués à ces sujets. Dans l'anglais l'aspirant devra obtenir les quatre-dixièmes des points attribués à chacune des subdivisions du sujet.

9. Les cadets des colonies et de l'armée seront nommés après avoir passé l'examen d'épreuve ; toutefois, ils devront obtenir 660 points en tout, ainsi que la proportion de points exigée en arithmétique et autres sujets, exigée des aspirants qui concourent.

10. Un aspirant qui passera l'examen d'épreuve, mais qui échouera dans le concours, aura le droit de concourir à l'examen suivant, pourvu qu'il soit dans les limites d'âge voulues par les règlements. Nul aspirant n'aura la permission de concourir plus de deux fois. Un aspirant qui échouera à l'examen d'épreuve n'aura pas droit à un nouvel essai, mais il lui sera permis de concourir à l'examen suivant s'il est nommé de nouveau et qu'il soit encore dans les limites d'âge.

11. Un aspirant qui, pour cause de maladie, ne se rendra pas à l'examen pour lequel il aura été nommé, pourra recevoir une seconde nomination pourvu qu'il se trouve encore dans les limites d'âge.

12. Pour tous les cadets entrés sous l'autorité des présents règlements, la somme à payer sera de 70 louis par année pour la période à passer dans le *Britannia*, laquelle somme sera payable semi-annuellement et d'avance entre les mains du comptable général de la marine. Mais les lords commissaires de l'amirauté se réservent le pouvoir de choisir parmi les cadets admis à chaque examen semestriel, un nombre n'excédant pas 10, fils d'officiers de marine, de l'armée ou de troupes de marine, ou d'officiers civils sous l'autorité du conseil d'amirauté, pour lesquels le paiement annuel sera de 40 louis seulement. Dans ce choix leurs Seigneuries n'auront égard qu'aux conditions de fortune dans lesquels se trouveront les cadets.

13. La période d'éducation à bord du *Britannia* sera en quatre termes et il y aura deux termes par année. Le premier terme de chaque année sera de février à juillet, le second de septembre à décembre.

Les vacances seront de cinq semaines à Noël, de deux semaines à Pâques et de six semaines à la mi-été.

14. Il y aura des examens sur l'art de la navigation et la théorie à la fin de chaque terme.

Les cadets qui passeront des examens non satisfaisants, ou qui seront notés de mauvaise conduite, seront "avertis," et ils pourront être renvoyés à la fin du terme suivant ou de tout terme subséquent,

s'ils sont de nouveau notés comme n'ayant pu remporter le nombre voulu de points lors de examens, ou pour conduite non satisfaisante.

Si un cadet est noté de conduite non satisfaisante pendant son dernier terme, il sera renvoyé sans qu'il lui soit permis de se présenter à l'examen pour sortir du *Britannia*.

Tout cadet qui, pour quelque raison que ce soit, paraîtra à leurs Seigneuries être impropre au service sera renvoyé du *Britannia*.

15. Il devra être distinctement entendu que la période d'éducation à bord du *Britannia* est un temps d'épreuve, et les parents ou le tuteur de tout cadet sera tenu de signer une déclaration (lors de l'admission du cadet sur le *Britannia*) à l'effet qu'il sera immédiatement retiré dès qu'avis officiel aura été donné qu'il est regardé comme impropre au service dans la marine.

16. En sortant du *Britannia* les cadets prendront rang suivant la somme de service sur mer qu'ils obtiendront à leur examen final, et ceux qui en obtiendront des sommes égales prendront rang suivant l'ordre de mérite dans lequel ils sortiront du *Britannia*.

17. Les parents ou le tuteur de chaque cadet, seront tenus de lui fournir l'équipement aux règlements en vigueur.

18. Le gouvernement n'allouera pas la paye ni l'argent de poche aux cadets entrés en juin et après juin 1881.

Par ordre de leurs Seigneuries,

ROBERT HALL,

Amirauté, 22 mars 1882.

ORDRES EN CONSEIL.

COPIE certifiée d'un rapport du comité de l'Honorable Conseil Privé, approuvé par Son Excellence le Gouverneur-Général en conseil le 23 mai 1882.

SUR un rapport daté du 17 mai 1882, fait par le ministre de la Marine et des Pêcheries et observant qu'en vertu de la 18e section de l'Acte concernant le Pilotage, 36 Vict., chap. 54, sous-section 8, il est réglé que les taux de pilotage pour le port de Québec et en bas d'icelui marqués dans les tableaux 1 et 2 de la cédula "A" de l'Acte de la législature de la province du Canada, adopté dans la 12e année du règne de Sa Majesté, chapitre 114, intitulé: "Acte pour refondre les lois se rapportant aux pouvoirs et devoirs de la Maison de Trinité de Québec, et pour autres fins," ne seront pas changées durant les trois années qui suivront la mise en force de l'Acte 36 Vict., chap. 54, et ne le seront non plus à moins que la part du revenu net de la Corporation des Pilotes échéant chaque année à chacun des membres de la corporation agissant et pratiquant comme pilote pour le port de Québec et en bas d'icelui ait été moindre que six cents piastres (\$600) en moyenne pour les trois années précédentes.

Le ministre déclare qu'il lui a été représenté que le revenu net de chaque pilote durant les trois dernières années a été de moins que six cents piastres (\$600).

Que des mesures ont été prises par l'adoption d'un bill au parlement pour réduire le nombre des pilotes de manière à obtenir au nombre réduit des pilotes la somme spécifiée de \$600 ou une plus forte, mais comme une année au moins doit s'écouler avant que telle réduction dans le nombre des pilotes puisse être effectuée, le ministre recommande que le règlement ci-joint, adopté par les Commissaires du Havre de Québec à une assemblée tenue le 3 courant, rappelant les taux actuels de pilotage et les augmentant, soit approuvé, tel règlement devant avoir effet et les taux augmentés devant demeurer en force durant la saison de navigation de l'année 1882.

Le comité concourt dans le rapport du ministre de la marine et des pêcheries et conseille en conséquence l'adoption du règlement déposé.

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

AVIS est donné par le présent qu'une assemblée générale spéciale de la compagnie du chemin de fer Grand Tronc du Canada aura lieu au City Terminus Hotel, Cannon Street, Londres, E.C., jeudi, le vingt-neuvième jour de juin prochain, à une heure p.m. précise, dans le but de prendre en considération un arrangement entre les directeurs de la compagnie du chemin de fer Grand Tronc du Canada, et les directeurs de la compagnie du chemin de fer Grand Occidental, ayant pour objet l'amalgamation des entreprises des deux compagnies en une seule, en vertu des pouvoirs conférés par l'acte du Conseil législatif et de l'Assemblée législative de la province du Canada, 16 Victoria, chap. 39, intitulé: "Acte pour autoriser toute compagnie de chemin de fer dont le chemin forme partie de l'artère principale de chemin

de fer dans cette province de se fusionner avec toute telle autre compagnie, ou d'acheter la propriété et les droits de toute telle autre compagnie, et d'abroger certains actes y mentionnés, incorporant des compagnies de chemin de fer," et en vertu des pouvoirs conférés par les divers actes, modifiant ou amplifiant cet acte; et dans le but soit de ratifier ou de désavouer cet arrangement tel que voulu par ces actes ou aucun d'eux. Four Cadetships given annually to sons of gentlemen in the Colonies, on the recommendation of the Secretary of State for the Colonies.

Service Cadetships, the total number of which is not to exceed five in any one year. Service Cadets will be selected by the Board of Admiralty from (a) sons of officers of the Army, Navy, or Marines who have been killed in action, or who have been lost at sea on active service, or killed on duty, or who have died of wounds received in action or injuries received on duty within six months from the date of such action or injury, (b) sons of officers of the Navy who have performed long or distinguished service, and who hold or have held rank or relative rank on the Active List not lower than that of Commander; not more than two such Service Cadets to be nominated annually.

Colonial and Service Cadets will be entered on passing the test examination specified in paragraph 8, and will in all other respects be subject to these Regulations.

The examination of candidates nominated to compete, and also of Service Cadets, will be conducted by the Civil Service Commissioners. A fee of ten shillings will be required from each candidate.

2. Except in special circumstances not more than one third of the number of candidates actually presenting themselves before the Civil Service Commissioners will be entered.

3. Nomination for Naval Cadetships will take place half-yearly as soon as convenient after the report of the last examination has been received.

4. Examinations of the young gentlemen who have obtained nominations will be held in London, and will commence on the second Wednesday in June and the last Wednesday in November in each year, and the appointments will date from the 15th July and 15th January following respectively.

5. No candidate will be eligible for examination in June whose age will not be within the following limits on the 15th July following, viz., not less than twelve nor more than thirteen and a half years of age, nor in November whose age will not be within those limits on the 15th January following.

6. Every candidate must be in good health, and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and in all respects well developed and active in proportion to his age. Before being examined by the Civil Service Commissioners he will be required to pass the medical examination according to the prescribed regulations, and must have been found physically fit for the Navy; rejection at such examination will finally exclude him from the Navy.

7. The candidate will be required to produce (1) a certificate of the date of his birth,* or a declaration

thereof made before a magistrate; (2) a certificate of good conduct from the masters of the school or schools at which he may have been educated during the two previous years, or, if educated at home, from the tutor or the clergyman of the parish in which he resides; and (3) a certificate of good health.

	Marks.
(1.) Arithmetic: including proportion, vulgar and decimal fractions.....	250

(6.) Scripture history.....	100

Candidates will be further examined in any two of the following subjects they may select:

Elementary mathematics: miscellaneous questions in arithmetic, algebra, (including quadratic equations), and geometry to the end of the first book of Euclid's Elements...	300
Latin: reading, parsing, and translating, by aid of a dictionary, Latin into English, and English into Latin.....	300
Geography and English History	300

The final order of merit will be determined by the sum of the marks obtained in the test, as well as in the further examination.

In arithmetic the candidate will be required to obtain five tenths, and in each of the other subjects of the test examination four tenths of the marks allotted thereto. In English the candidate must obtain four tenths of the marks allotted for each of the two sub-divisions of the subject.

9. Colonial and Service Cadets will be appointed on passing the test examination; they must, however, obtain 600 marks in the aggregate, as well as the proportion of marks in arithmetic and other subjects required from the candidates who compete.

10. A candidate who passes the test examination, but does not succeed in the competition, will be entitled to compete at the next examination, provided he is within the regulations as to limits of age at that time. No candidate will be allowed to compete more than twice. A candidate who fails to pass the test will not be entitled to another trial, but he will be allowed to compete at the next examination if he receives a fresh nomination and is still within the limits of age.

11. A candidate who, owing to illness, fails to appear at the examination for which he has obtained his nomination may receive a second nomination, provided he is still within the limits of age.

12. For all Cadets entered under these regulations, the payment will be at the rate of 70*l.* per annum for the period in the *Britannia*, to be paid half-yearly in advance to the Accountant-General of the Navy. But the Lords Commissioners of the Admiralty reserve the power of selecting, from among the cadets entered at each half-yearly examination, a number, not to exceed 10, being sons of Officers of the Navy, Army, or Marines, or of Civil Officers under the Board of Admiralty, with respect to whom the annual payment will be 40*l.* only. In this selection their Lordships will have regard solely to the pecuniary circumstances of the Cadets.

13. The period of training on board the *Britannia* will be four terms; there will be two terms in each year. The first term of each year will be from February to July, the second from September to December.

* A Certificate of Baptism will not be accepted.

The vacations will be five weeks at Christmas, two weeks at Easter, and six weeks at Midsummer.

14. There will be examinations in Seamanship and Study at the end of each term.

Cadets who pass unsatisfactory examinations, or who are reported for unsatisfactory conduct, will be "warned," and they will be liable to be discharged at the end of the following or any subsequent term, should they again be reported as failing to attain the proper number of marks at the examinations, or for unsatisfactory conduct.

If a Cadet is reported for unsatisfactory conduct during his final term he will be discharged without being allowed to present himself at the examination for passing out of the Britannia.

Any Cadet who shall appear to their Lordships for any reason to be unfit for the Service will be removed from the Britannia.

15. It is to be distinctly understood that the period of training on board the Britannia is a time of *probation*, and the parent or guardian of every Cadet will be required to sign a declaration (on the admission of the Cadet to the Britannia) to the effect that he shall be immediately withdrawn on the receipt of an official intimation of his being considered unfit for the Navy.

16. Cadets will, on passing out of the Britannia, rank according to the amount of sea time they obtain at their final examination, and those who obtain equal amounts of sea time will rank in the order of merit in which they pass out of the Britannia.

17. The parent or guardian of every Cadet will be required to provide outfit under the regulation in force.

18. Pay and pocket money will not be allowed by Government to Cadets entered in and after June 1881.

By Command of their Lordships,

ROBERT HALL.

Admiralty, 22nd March, 1882.

ORDERS IN COUNCIL.

CERTIFIED COPY of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 23rd May, 1882.

ON a report dated 17th May 1882, from the Acting Minister of Marine and Fisheries, submitting that by the provisions of the 18th section of the Pilotage Act 36 Vic. chap. 54, sub-section 8, it is determined that the rates of pilotage for and below the Harbor of Quebec set forth in tables 1 and 2 of schedule A, to the Act of the Legislature of the Province of Canada passed in the 12th year of Her Majesty's reign, chapter 114, intituled "An Act to consolidate the laws relative to the powers and duties of the Trinity House of Quebec and for other purposes" shall not be altered for three years after the going into force of the Act 36 Vic. chap. 54, nor unless the share of the net income of the Corporation of Pilots annually accruing to each member of the corporation acting and practising as a pilot for and below the Harbor of Quebec has been less than six hundred dollars (\$600), on an average of three years previous.

The Minister states that it has been represented to him that the net income of each pilot for the past three years has fallen below six hundred dollars (\$600.)

That measures have been taken by the passage of a Bill through Parliament to reduce the number of pilots so as to allow to the reduced number the specified sum of \$600, or a greater sum, but inasmuch as a year at least must elapse before such reduction in the number of pilots can be made, the Minister recommends that the accompanying by-law passed by the Harbor Commissioners of Quebec at a meeting held on the 3rd instant, repealing the existing rates of pilotage and increasing the rates be approved, such by-law to have effect and the increased rates to continue in force only during the season of navigation in the year 1882.

The committee concur in the foregoing report of the Acting Minister of Marine and Fisheries and advise that the rule submitted be approved accordingly.

JOHN J. MCGEE.

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

49-3

Ci-suit un résumé des dispositions de l'acte mentionné dans la proclamation ci-dessus, savoir :—

Les mots "district proclamé" lorsque employés ci-après, signifient un endroit auquel le présent acte pourra avoir été appliqué par une proclamation émise sous son autorité; et le mot "arme" comprend tout fusil, carabine, revolver, pistolet ou autre arme à feu, ou fusil à air et toute partie de pareille arme, et toute balle, poudre, cartouche ou munition, et toute épée, lame d'épée, baïonnette, pique, tête de pique, dard, tête de dard, dague, poignard, couteau-poignard, ou autre instrument destiné à trancher ou poignarder; et toutes jointures d'acier ou de métal, bâton plombé, garcette, et toute autre arme meurtrière ou dangereuse de même nature.

A compter du jour y désigné et durant tout le temps que la proclamation qui précède restera en vigueur, il ne sera permis à qui que ce soit, n'étant pas un juge de paix, ni un officier, soldat, matelot ou volontaire, au service de Sa Majesté, étant de service, ou un constable ou autre officier de paix, ni une personne porteur d'un permis en vertu du présent acte, de porter ou avoir, dans les limites du district proclamé, ailleurs qu'à son domicile ou dans son magasin, sa boutique ou son comptoir, aucune arme; et quiconque portera ou aura quelque arme contrairement à la présente disposition, sera coupable de délit et sera passible, sur conviction du fait, d'emprisonnement dans toute prison ou tout lieu de détention, pendant un terme de pas plus de douze mois.

Il sera loisible à toute personne quelconque de saisir et appréhender tout individu qui sera trouvé porteur de quelque arme dans le district proclamé, contrairement au dit acte, et de remettre cet individu le plus tôt possible à la garde de quelque constable ou officier de paix, afin qu'il soit immédiatement conduit devant quelque autorité judiciaire compétente pour être traité suivant la loi.

Il sera loisible à tout juge de paix, constable ou autre officier de paix, de fouiller tout individu qu'il soupçonnera être porteur d'une arme dans le district proclamé, contrairement au dit acte, et de saisir et enlever à cet individu toute arme ainsi portée, et de la garder et détenir pour l'usage de Sa Majesté.

Tout juge de paix pourra, sur le serment d'un témoin digne de foi, déclarant qu'il croit que des armes sont gardées dans quelque maison ou lieu situé dans le district proclamé, dans le but d'être portées dans le district proclamé contrairement aux dispositions de la troisième section du dit acte, émettre son mandat à tout constable ou officier de paix, de faire une perquisition et de saisir ces armes; et tel constable ou officier de paix, ou toute personne lui aidant, pourra faire cette perquisition; et s'il est trouvé des armes dans cette maison ou ce lieu, il pourra les saisir et les détenir.

Si l'entrée de cette maison ou de ce lieu n'est pas accordée après avoir été demandée, tel constable ou officier de paix comme susdit, et toute personne lui aidant, pourra, en tout temps entre le lever et le coucher du soleil, y entrer de force afin de faire la perquisition et la saisie.

A moins que la personne dans la maison ou sur la propriété de laquelle ces armes auront été trouvées ne prouve, dans les quatre jours qui suivront la saisie, à la satisfaction du juge de paix, qu'elles n'étaient pas dans cette maison ou dans ce lieu afin d'être portées dans le district proclamé, contrairement aux dispositions de la troisième section du dit acte, elles seront gardées et détenues pour l'usage de Sa Majesté; autrement, elles seront remises à cette personne.

Le Gouverneur en conseil pourra, de temps à autre, nommer une ou plusieurs personnes compétentes pour accorder, à sa ou leur discrétion, un permis ou des permis en vertu du dit acte, d'avoir et porter toute arme dans le district proclamé; et cette personne ou ces personnes pourra ou pourront de temps à autre révoquer tout tel permis; et une copie de cette révocation sera remise à la personne ou laissée au dernier domicile connu de toute personne dont le permis sera par là révoqué, et son permis sera dès lors nul et non avenue.

Quiconque sera accusé d'avoir commis une offense contre les dispositions de la troisième section du présent acte, pourra être traduit devant, et jugé par trois juges de paix, ou un fonctionnaire ou tribunal revêtu par l'autorité législative compétente du pouvoir d'accomplir seul les actes qui doivent être ordinairement accomplis par deux ou plus de juges de paix, en conformité de l'acte passé en la session tenue dans les 32^e et 33^e années du règne de Sa Majesté, chapitre 31, intitulé "Acte concernant les devoirs des juges de paix hors des sessions, relativement aux ordres et convictions sommaires."

La production d'un exemplaire imprimé de la *Gazette du Canada*, comportant avoir été imprimé par l'Imprimeur de la Reine, contenant la susdite proclamation, fera preuve probante de l'émission et publication de telle proclamation.

Il sera du devoir de la cour ou du juge de paix devant qui une personne sera convaincue en vertu de la troisième section du dit acte, de garder et détenir pour l'usage de Sa Majesté l'arme pour le port ou la possession de laquelle cette personne a été trouvée coupable.

Rien dans le dit acte n'empêchera qui que ce soit d'être passible, en vertu de tout autre acte ou autrement, de toute autre punition que celle édictée contre toute offense par le dit acte, mais de manière, cependant, que nul ne soit puni deux fois pour la même offense.

Circulaire.

DOWNING STREET, 18 avril 1882.

MONSIEUR,—Relativement à ma dépêche circulaire du 20 janvier dernier, j'ai l'honneur de vous transmettre, pour l'information des habitants de la colonie placée sous votre gouvernement, copie des règlements revus qui régissent l'examen et l'admission des cadets de marine, lesquels seront mis en vigueur pour les examens qui auront lieu après le mois de juin prochain.

J'ai l'honneur d'être, monsieur,
Votre obéissant serviteur,
KIMBERLEY.

A l'administrateur du
Gouvernement du Canada.

RÈGLEMENTS concernant les cadets de marine, pour l'information des aspirants, devant être mis en vigueur après juin 1882.

1. Aux exceptions ci-après, les cadets de marine seront nommés par concours limité.

Quatre cadets seront choisis tous les ans parmi les fils de personnes résidant dans les colonies, sur la recommandation du secrétaire d'Etat pour les colonies.

Il ne sera pas admis plus de cinq cadets de l'armée en tout dans le cours d'un an. Ces cadets seront choisis par le conseil d'amirauté parmi (a) les fils d'officiers de l'armée, de marine, ou de troupes de marine, tués pendant l'action ou perdus en mer étant de service actif, ou tués en devoir, ou morts de blessures reçues pendant l'action ou étant de service, dans les 6 mois à compter de telle action ou blessure; (b) et parmi les fils d'officiers de marine qui ont fait un service long et distingué, et qui occupent ou ont occupé un grade ou grade relatif non inférieur à celui de commandant, sur la liste du service actif. Il ne sera nommé que deux de ces cadets tous les ans.

Les demandes d'admission comme cadets de l'armée devront être adressées au secrétaire militaire des Horse Guards, si l'aspirant est fils d'un officier de l'armée; au secrétaire de l'Amirauté, si l'aspirant est fils d'un officier de marine ou de troupes de marine; et au secrétaire militaire du Bureau des Indes, si l'aspirant est le fils d'un officier de l'armée des Indes.

Les cadets des colonies et de l'armée seront admis après avoir passé l'examen spécifié dans le paragraphe 8, et sous tous autres rapports seront soumis aux présents réglemens.

L'examen des aspirants nommés pour concourir, ainsi que des cadets de l'armée, sera conduit par la commission du service civil. Chaque aspirant devra payer la somme de dix chelins.

2. Excepté dans les circonstances spéciales, il ne sera pas admis plus d'un tiers du nombre des aspirants qui se présenteront devant la commission du service civil.

3. Les cadets de marine seront nommés tous les six mois aussitôt que possible après que le rapport du dernier examen aura été reçu.

4. Les examens des jeunes gens qui auront obtenu leur nomination auront lieu à Londres et commenceront le deuxième mercredi de juin et le dernier mercredi de novembre chaque année, et les nominations dateront du 15 juillet et du 15 janvier respectivement.

5. Nul candidat ne pourra passer son examen en juin, à moins que, le 15 juillet suivant, il ne soit dans les limites d'âge ci-après, savoir: qu'il n'ait pas moins de douze ni plus de treize ans et demi; et nul ne sera examiné en novembre s'il ne se trouve dans ces limites d'âge le 15 janvier suivant.

6. Chaque aspirant devra être en bonne santé et exempt de tout défaut physique du corps; il ne devra pas être embarrassé dans sa prononciation, n'avoir aucun défaut de la vue ou de l'ouïe, ni aucune prédisposition à des maladies ou faiblesses constitutionnelles ou héréditaires, et être sous tous rapports bien développé et lesté en proportion de son âge. Avant d'être examiné par les commissaires du service civil, il devra subir l'examen du médecin conformément aux réglemens présents, et il devra avoir été trouvé propre au service de la marine. Le rejet à cet examen l'exclura définitivement de la marine.

7. L'aspirant devra produire un certificat de la date de sa naissance, * ou une déclaration à cet effet faite devant un magistrat; (2) un certificat de bonne conduite donné par les maîtres de l'école ou des écoles où il pourra avoir reçu l'instruction pendant les deux années précédentes, ou, s'il a reçu l'instruction à domicile, par son tuteur ou le cure de la paroisse où il résidera; et (3) un certificat de santé.

8. Les aspirants subiront l'épreuve par l'examen sur les sujets suivants:—

	Points.
(1.) Arithmétique, y compris les règles de proportion, les fractions ordinaires et décimales.....	250
(2.) Algèbre, y compris les fractions et les équations simples d'une quantité inconnue.....	175
(3.) Géométrie: définitions, postulats, axiomes, et sujets des trente six premières propositions des éléments d'Euclide.....	175

* Un certificat de baptême ne sera pas accepté.

(4.) Anglais: écrire sous dictée; épellation, 75; écriture, 25.....	100
Lire d'une manière intelligente et analyser des phrases faciles.....	100
	200
(5.) Français: traduction à l'aide d'un dictionnaire, du français en anglais et de l'anglais en français; lire, analyser et parler.....	200
(6.) Histoire de l'Écriture Sainte.....	100

Les aspirants seront ne plus examinés sur deux des sujets suivants, à leur choix:

Mathématiques élémentaires: diverses questions en arithmétique, algèbre (y compris les équations quadratiques, et la géométrie jusqu'à la fin du premier livre des éléments d'Euclide.....	300
Latin: lecture, analyse et traduction, à l'aide d'un dictionnaire, du latin en anglais et de l'anglais en latin.....	300
Géographie et Histoire d'Angleterre.....	300

L'ordre de mérite définitif sera déterminé par le total des points obtenus dans l'épreuve ainsi que dans l'examen supplémentaire.

En arithmétique l'aspirant sera tenu d'obtenir les cinq-dixièmes, et dans chacune des autres matières d'examen les quatre-dixièmes des points attribués à ces sujets. Dans l'anglais l'aspirant devra obtenir les quatre-dixièmes des points attribués à chacune des subdivisions du sujet.

9. Les cadets des colonies et de l'armée seront nommés après avoir passé l'examen d'épreuve; toutefois, ils devront obtenir 660 points en tout, ainsi que la proportion de points exigée en arithmétique et autres sujets, exigée des aspirants qui concourent.

10. Un aspirant qui passera l'examen d'épreuve, mais qui échouera dans le concours, aura le droit de concourir à l'examen suivant, pourvu qu'il soit dans les limites d'âge voulues par les réglemens. Nul aspirant n'aura la permission de concourir plus de deux fois. Un aspirant qui échouera à l'examen d'épreuve n'aura pas droit à un nouvel essai, mais il lui sera permis de concourir à l'examen suivant s'il est nommé de nouveau et qu'il soit encore dans les limites d'âge.

11. Un aspirant qui, pour cause de maladie, ne se rendra pas à l'examen pour lequel il aura été nommé, pourra recevoir une seconde nomination pourvu qu'il se trouve encore dans les limites d'âge.

12. Pour tous les cadets entrés sous l'autorité des présents réglemens, la somme à payer sera de 70 louis par année pour la période à passer dans le *Britannia*, laquelle somme sera payable semi-annuellement et d'avance entre les mains du comptable général de la marine. Mais les lords commissaires de l'amirauté se réservent le pouvoir de choisir parmi les cadets admis à chaque examen semestriel, un nombre n'excédant pas 10, fils d'officiers de marine, de l'armée ou de troupes de marine, ou d'officiers civils sous l'autorité du conseil d'amirauté, pour lesquels le paiement annuel sera de 40 louis seulement. Dans ce choix leurs Seigneuries n'auront égard qu'aux conditions de fortune dans lesquels se trouveront les cadets.

13. La période d'éducation à bord du *Britannia* sera en quatre termes et il y aura deux termes par année. Le premier terme de chaque année sera de février à juillet, le second de septembre à décembre.

Les vacances seront de cinq semaines à Noël, de deux semaines à Pâques et de six semaines à la mi-été.

14. Il y aura des examens sur l'art de la navigation et la théorie à la fin de chaque terme.

Les cadets qui passeront des examens non satisfaisants, ou qui seront notés de mauvaise conduite, seront "avertis," et ils pourront être renvoyés à la fin du terme suivant ou de tout terme subséquent, s'ils sont de nouveau notés comme n'ayant pu remporter le nombre voulu de points lors de examens, ou pour conduite non satisfaisante.

Si un cadet est noté de conduite non satisfaisante pendant son dernier terme, il sera renvoyé sans qu'il lui soit permis de se présenter à l'examen pour sortir du *Britannia*.

Tout cadet qui, pour quelque raison que ce soit, paraîtra à leurs Seigneuries être impropre au service sera renvoyé du *Britannia*.

15. Il devra être distinctement entendu que la période d'éducation à bord du *Britannia* est un temps d'épreuve, et les parents ou le tuteur de tout cadet sera tenu de signer une déclaration (lors de l'admission du cadet sur le *Britannia*) à l'effet qu'il sera immédiatement retiré dès qu'avis officiel aura été donné qu'il est regardé comme impropre au service dans la marine.

16. En sortant du *Britannia* les cadets prendront rang suivant la somme de service sur mer qu'ils obtiendront à leur examen final, et ceux qui en obtiendront des sommes égales prendront rang suivant l'ordre de mérite dans lequel ils sortiront du *Britannia*.

17. Les parents ou le tuteur de chaque cadet, seront tenus de lui fournir l'équipement aux règlements en vigueur.

18. Le gouvernement n'allouera pas la paye ni l'argent de poche aux cadets entrés en juin et après juin 1881.

Par ordre de leurs Seigneuries,

ROBERT HALL,

Amirauté, 22 mars 1882.

ORDRES EN CONSEIL.

COPIE certifiée d'un rapport du comité de l'Honorable Conseil Privé, approuvé par Son Excellence le Gouverneur-Général en conseil le 23 mai 1882.

SUR un rapport daté du 17 mai 1882, fait par le ministre de la Marine et des Pêcheries et observant qu'en vertu de la 18e section de l'Acte concernant le Pilotage, 36 Vict., chap. 54, sous-section 8, il est réglé que les taux de pilotage pour le port de Québec et en bas d'icelui marqués dans les tableaux 1 et 2 de la cédula "A" de l'Acte de la législature de la province du Canada, adopté dans la 12e année du règne de Sa Majesté, chapitre 114, intitulé: "Acte pour refondre les lois se rapportant aux pouvoirs et devoirs de la Maison de Trinité de Québec, et pour autres fins," ne seront pas changées durant les trois années qui suivront la mise en force de l'Acte 36 Vict., chap. 54, et ne le seront non plus à moins que la part du revenu net de la Corporation des Pilotes échéant chaque année à chacun des membres de la corporation agissant et pratiquant comme pilote pour le port de Québec et en bas d'icelui ait été moindre que six cents piastres (\$600) en moyenne pour les trois années précédentes.

Le ministre déclare qu'il lui a été représenté que le revenu net de chaque pilote durant les trois dernières années a été de moins que six cents piastres (\$600).

Que des mesures ont été prises par l'adoption d'un bill au parlement pour réduire le nombre des pilotes de manière à obtenir au nombre réduit des pilotes la somme spécifiée de \$600 ou une plus forte, mais comme une année au moins doit s'écouler avant que telle réduction dans le nombre des pilotes puisse être effectuée, le ministre recommande que le règlement ci-joint, adopté par les Commissaires du Havre de Québec à une assemblée tenue le 3 courant, rappelant les taux actuels de pilotage et les augmentant, soit approuvé, tel règlement devant avoir effet et les taux augmentés devant demeurer en force durant la saison de navigation de l'année 1882.

Le comité concourt dans le rapport du ministre de la marine et des pêcheries et conseille en conséquence l'adoption du règlement déposé.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers

pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or

piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

Secrétaire d'Etat.

Ci-suit un résumé des dispositions de l'acte mentionné dans la proclamation ci-dessus, savoir :—

Les mots "district proclamé" lorsque employés ci-après, signifient un endroit auquel le présent acte pourra avoir été appliqué par une proclamation émise sous son autorité; et le mot "arme" comprend tout fusil, carabine, revolver, pistolet ou autre arme à feu, ou fusil à air et toute partie de pareille arme, et toute balle, poudre, cartouche ou munition, et toute épée, lame d'épée, baïonnette, pique, tête de pique, dard, tête de dard, dague, poignard, couteau-poignard, ou autre instrument destiné à trancher ou poignarder; et toutes jointures d'acier ou de métal, bâton plombé, garcette, et toute autre arme meurtrière ou dangereuse de même nature.

A compter du jour y désigné et durant tout le temps que la proclamation qui précède restera en vigueur, il ne sera permis à qui que ce soit, n'étant pas un juge de paix, ni un officier, soldat, matelot ou volontaire, au service de Sa Majesté, étant de service, ou un constable ou autre officier de paix, ni une personne porteur d'un permis en vertu du présent acte, de porter ou avoir, dans les limites du district proclamé, ailleurs qu'à son domicile ou dans son magasin, sa boutique ou son comptoir, aucune arme; et quiconque portera ou aura quelque arme contrairement à la présente disposition, sera coupable de délit et sera passible, sur conviction du fait, d'emprisonnement dans toute prison ou tout lieu de détention, pendant un terme de pas plus de douze mois.

Il sera loisible à toute personne quelconque de saisir et appréhender tout individu qui sera trouvé porteur de quelque arme dans le district proclamé, contrairement au dit acte, et de remettre cet individu le plus tôt possible à la garde de quelque constable ou officier de paix, afin qu'il soit immédiatement conduit devant quelque autorité judiciaire compétente pour être traité suivant la loi.

Il sera loisible à tout juge de paix, constable ou autre officier de paix, de fouiller tout individu qu'il soupçonnera être porteur d'une arme dans le district proclamé, contrairement au dit acte, et de saisir et enlever à cet individu toute arme ainsi portée, et de la garder et détenir pour l'usage de Sa Majesté.

Tout juge de paix pourra, sur le serment d'un témoin digne de foi, déclarant qu'il croit que des armes sont gardées dans quelque maison ou lieu situé dans le district proclamé, dans le but d'être portées dans le district proclamé contrairement aux dispositions de la troisième section du dit acte, émettre son mandat à tout constable ou officier de paix, de faire une perquisition et de saisir ces armes; et tel constable ou officier de paix, ou toute personne lui aidant, pourra faire cette perquisition; et s'il est trouvé des armes dans cette maison ou ce lieu, il pourra les saisir et les détenir.

Si l'entrée de cette maison ou de ce lieu n'est pas accordée après avoir été demandée, tel constable ou officier de paix comme susdit, et toute personne lui aidant, pourra, en tout temps entre le lever et le coucher du soleil, y entrer de force afin de faire la perquisition et la saisie.

A moins que la personne dans la maison ou sur la propriété de laquelle ces armes auront été trouvées ne prouve, dans les quatre jours qui suivront la saisie, à la satisfaction du juge de paix, qu'elles n'étaient pas dans cette maison ou dans ce lieu afin d'être

portées dans le district proclamé, contrairement aux dispositions de la troisième section du dit acte, elles seront gardées et détenues pour l'usage de Sa Majesté ; autrement, elles seront remises à cette personne.

Le Gouverneur en conseil pourra, de temps à autre, nommer une ou plusieurs personnes compétentes pour accorder, à sa ou leur discrétion, un permis ou des permis en vertu du dit acte, d'avoir et porter toute arme dans le district proclamé ; et cette personne ou ces personnes pourra ou pourront de temps à autre révoquer tout tel permis ; et une copie de cette révocation sera remise à la personne ou laissée au dernier domicile connu de toute personne dont le permis sera par là révoqué, et son permis sera dès lors nul et non avenu.

Quiconque sera accusé d'avoir commis une offense contre les dispositions de la troisième section du présent acte, pourra être traduit devant, et jugé par trois juges de paix, ou un fonctionnaire ou tribunal revêtu par l'autorité législative compétente du pouvoir d'accomplir seul les actes qui doivent être ordinairement accomplis par deux ou plus de juges de paix, en conformité de l'acte passé en la session tenue dans les 32^e et 33^e années du règne de Sa Majesté, chapitre 31, intitulé " Acte concernant les devoirs des juges de paix hors des sessions, relativement aux ordres et convictions sommaires."

La production d'un exemplaire imprimé de la *Gazette du Canada*, comportant avoir été imprimé par l'Imprimeur de la Reine, contenant la susdite proclamation, fera preuve probante de l'émission et publication de telle proclamation.

Il sera du devoir de la cour ou du juge de paix devant qui une personne sera convaincue en vertu de la troisième section du dit acte, de garder et détenir pour l'usage de Sa Majesté l'arme pour le port ou la possession de laquelle cette personne a été trouvée coupable.

Rien dans le dit acte n'empêchera qui que ce soit d'être passible, en vertu de tout autre acte ou autrement, de toute autre punition que celle édictée contre toute offense par le dit acte, mais de manière, cependant, que nul ne soit puni deux fois pour la même offense.

Circulaire.

DOWNING STREET, 18 avril 1882.

MONSIEUR,—Relativement à ma dépêche circulaire du 20 janvier dernier, j'ai l'honneur de vous transmettre, pour l'information des habitants de la colonie placée sous votre gouvernement, copie des règlements revus qui régissent l'examen et l'admission des cadets de marine, lesquels seront mis en vigueur pour les examens qui auront lieu après le mois de juin prochain.

J'ai l'honneur d'être, monsieur,
Votre obéissant serviteur,
KIMBERLEY.

A l'administrateur du
Gouvernement du Canada.

RÈGLEMENTS concernant les cadets de marine, pour l'information des aspirants, devant être mis en vigueur après juin 1882.

1. Aux exceptions ci-après, les cadets de marine seront nommés par concours limité.

Quatre cadets seront choisis tous les ans parmi les fils de personnes résidant dans les colonies, sur la recommandation du secrétaire d'Etat pour les colonies.

Il ne sera pas admis plus de cinq cadets de l'armée en tout dans le cours d'un an. Ces cadets seront choisis par le conseil d'amirauté parmi (a) les fils d'officiers de l'armée, de marine, ou de troupes de marine, tués pendant l'action ou perdus en mer étant de service actif, ou tués en devoir, ou morts de blessures reçues pendant l'action ou étant de service, dans les 6 mois à compter de telle action ou blessure ; (b) et parmi les fils d'officiers de marine qui ont fait un service long et distingué, et qui occupent ou ont occupé un grade ou grade relatif non inférieur à celui de commandant, sur la liste du service actif. Il ne sera nommé que deux de ces cadets tous les ans.

Les demandes d'admission comme cadets de l'armée devront être adressées au secrétaire militaire des Horse Guards, si l'aspirant est fils d'un officier de l'armée ; au secrétaire de l'Amirauté, si l'aspirant est fils d'un officier de marine ou de troupes de marine ; et au secrétaire militaire du Bureau des Indes, si l'aspirant est le fils d'un officier de l'armée des Indes.

Les cadets des colonies et de l'armée seront admis après avoir passé l'examen spécifié dans le paragraphe 8, et sous tous autres rapports seront soumis aux présents règlements.

L'examen des aspirants nommés pour concourir ainsi que des cadets de l'armée, sera conduit par la commission du service civil. Chaque aspirant devra payer la somme de dix chelins.

2. Excepté dans les circonstances spéciales, il ne sera pas admis plus d'un tiers du nombre des aspirants qui se présenteront devant la commission du service civil.

3. Les cadets de marine seront nommés tous les six mois aussitôt que possible après que le rapport du dernier examen aura été reçu.

4. Les examens des jeunes gens qui auront obtenu leur nomination auront lieu à Londres et commenceront le deuxième mercredi de juin et le dernier mercredi de novembre chaque année, et les nominations dateront du 15 juillet et du 15 janvier respectivement.

5. Nul candidat ne pourra passer son examen en juin, à moins que, le 15 juillet suivant, il ne soit dans les limites d'âge ci-après, savoir : qu'il n'ait pas moins de douze ni plus de treize ans et demi ; et nul ne sera examiné en novembre s'il ne se trouve dans ces limites d'âge le 15 janvier suivant.

6. Chaque aspirant devra être en bonne santé et exempt de tout défaut physique du corps ; il ne devra pas être embarrassé dans sa prononciation, n'avoir aucun défaut de la vue ou de l'ouïe, ni aucune prédisposition à des maladies ou faiblesses constitutionnelles ou héréditaires, et être sous tous rapports bien développé et lesté en proportion de son âge. Avant d'être examiné par les commissaires du service civil, il devra subir l'examen du médecin conformément aux règlements présents, et il devra avoir été trouvé propre au service de la marine. Le rejet à cet examen l'exclura définitivement de la marine.

7. L'aspirant devra produire un certificat de la date de sa naissance, * ou une déclaration à cet effet faite devant un magistrat ; (2) un certificat de bonne conduite donné par les maîtres de l'école ou des écoles où il pourra avoir reçu l'instruction pendant les deux années précédentes, ou, s'il a reçu l'instruction à domicile, par son tuteur ou le cure de la paroisse où il résidera ; et (3) un certificat de santé.

8. Les aspirants subiront l'épreuve par l'examen sur les sujets suivants :—

	Points.
(1.) Arithmétique, y compris les règles de proportion, les fractions ordinaires et décimales.....	250
(2.) Algèbre, y compris les fractions et les équations simples d'une quantité inconnue.....	175
(3.) Géométrie : définitions, postulats, axiomes, et sujets des trente-six premières propositions des éléments d'Euclide.....	175
(4.) Anglais : écrire sous dictée ; épellation, 75 ; écriture, 25.....	100
Lire d'une manière intelligente et analyser des phrases faciles.....	100
(5.) Français : traduction à l'aide d'un dictionnaire, du français en anglais et de l'anglais en français ; lire, analyser et parler.....	200
(6.) Histoire de l'Écriture Sainte.....	100

Les aspirants seront ne plus examinés sur deux des sujets suivants, à leur choix :

Mathématiques élémentaires : diverses questions en arithmétique, algèbre (y compris les équations quadratiques, et la géométrie jusqu'à la fin du premier livre des éléments d'Euclide..... 300

* Un certificat de baptême ne sera pas accepté.

Latin : lecture, analyse et traduction, à l'aide d'un dictionnaire, du latin en anglais et de l'anglais en latin..... 300
Géographie et Histoire d'Angleterre..... 300

L'ordre de mérite définitif sera déterminé par le total des points obtenus dans l'épreuve ainsi que dans l'examen supplémentaire.

En arithmétique l'aspirant sera tenu d'obtenir les cinq-dixièmes, et dans chacune des autres matières d'examen les quatre-dixièmes des points attribués à ces sujets. Dans l'anglais l'aspirant devra obtenir les quatre-dixièmes des points attribués à chacune des subdivisions du sujet.

9. Les cadets des colonies et de l'armée seront nommés après avoir passé l'examen d'épreuve ; toutefois, ils devront obtenir 660 points en tout, ainsi que la proportion de points exigée en arithmétique et autres sujets, exigée des aspirants qui concourent.

10. Un aspirant qui passera l'examen d'épreuve, mais qui échouera dans le concours, aura le droit de concourir à l'examen suivant, pourvu qu'il soit dans les limites d'âge voulues par les règlements. Nul aspirant n'aura la permission de concourir plus de deux fois. Un aspirant qui échouera à l'examen d'épreuve n'aura pas droit à un nouvel essai, mais il lui sera permis de concourir à l'examen suivant s'il est nommé de nouveau et qu'il soit encore dans les limites d'âge.

11. Un aspirant qui, pour cause de maladie, ne se rendra pas à l'examen pour lequel il aura été nommé, pourra recevoir une seconde nomination pourvu qu'il se trouve encore dans les limites d'âge.

12. Pour tous les cadets entrés sous l'autorité des présents règlements, la somme à payer sera de 70 louis par année pour la période à passer dans le *Britannia*, laquelle somme sera payable semi-annuellement et d'avance entre les mains du comptable général de la marine. Mais les lords commissaires de l'amirauté se réservent le pouvoir de choisir parmi les cadets admis à chaque examen semestriel, un nombre n'excédant pas 10, fils d'officiers de marine, de l'armée ou de troupes de marine, ou d'officiers civils sous l'autorité du conseil d'amirauté, pour lesquels le paiement annuel sera de 40 louis seulement. Dans ce choix leurs Seigneuries n'auront égard qu'aux conditions de fortune dans lesquels se trouveront les cadets.

13. La période d'éducation à bord du *Britannia* sera en quatre termes et il y aura deux termes par année. Le premier terme de chaque année sera de février à juillet, le second de septembre à décembre. Les vacances seront de cinq semaines à Noël, de deux semaines à Pâques et de six semaines à la mi-été.

14. Il y aura des examens sur l'art de la navigation et la théorie à la fin de chaque terme.

Les cadets qui passeront des examens non satisfaisants, ou qui seront notés de mauvaise conduite, seront "avertis," et ils pourront être renvoyés à la fin du terme suivant ou de tout terme subséquent, s'ils sont de nouveau notés comme n'ayant pu remporter le nombre voulu de points lors de examens, ou pour conduite non satisfaisante.

Si un cadet est noté de conduite non satisfaisante pendant son dernier terme, il sera renvoyé sans qu'il lui soit permis de se présenter à l'examen pour sortir du *Britannia*.

Tout cadet qui, pour quelque raison que ce soit, paraîtra à leurs Seigneuries être impropre au service sera renvoyé du *Britannia*.

15. Il devra être distinctement entendu que la période d'éducation à bord du *Britannia* est un temps d'épreuve, et les parents ou le tuteur de tout cadet sera tenu de signer une déclaration (lors de l'admission du cadet sur le *Britannia*) à l'effet qu'il sera immédiatement retiré dès qu'avis officiel aura été donné qu'il est regardé comme impropre au service dans la marine.

16. En sortant du *Eritannia* les cadets prendront rang suivant la somme de service sur mer qu'ils obtiendront à leur examen final, et ceux qui en obtiendront des sommes égales prendront rang suivant l'ordre de mérite dans lequel ils sortiront du *Britannia*.

17. Les parents ou le tuteur de chaque cadet, se-

ront tenus de lui fournir l'équipement aux règlements en vigueur.

18. Le gouvernement n'allouera pas la paye ni l'argent de poche aux cadets entrés en juin et après juin 1881.

Par ordre de leurs Seigneuries,

Amirauté, 22 mars 1882.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers

pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LÉMOINE,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers

pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

ACTIVE MILITIA

REGULATIONS FOR THE ANNUAL DRILL OF 1882-83, DOMINION OF CANADA.

1. In order that the expenditure for drill and training of the Active Militia of Canada for the fiscal year 1882-83, may be kept within the appropriation made by Parliament, the strength of corps to be drilled and paid for that year has been limited as under, viz:—

Corps of Infantry and Garrison Artillery (excepting the Battery at Victoria, B.C.) are not to exceed 42 Non-Commissioned Officers and men per Company and Battery including Regimental Staff sergeants and bandmen.

The strength of Corps authorized to drill at their local head quarters in each district is to be deducted from the total strength authorized for drill in the district, the remainder will represent the number which may be concentrated in a camp of exercise.

City Corps.

3. All *city corps* (excepting Field Batteries of Artillery, and such companies as belong to Rural Battalions of Infantry) may be permitted to perform twelve days of annual drill at their local head quarters at such times, prior to 1st December 1882, as may be most convenient.

The No. 2 Field Battery of the 1st Provisional Brigade (Ontario) and the Halifax Field Battery may be permitted to drill at their local head quarters as *city corps*.

The officers of *city corps* shall be paid at the rate of one dollar; the non-commissioned officers and men, fifty cents; and for horses of mounted officers or of corps, seventy-five cents each, for each day's drill consisting of three hours.

Any *city company* which forms part of a Rural Battalion, can only be permitted to drill for pay, in case it is selected for, and performs such drill in camp with the battalion to which it belongs.

Rural Corps.

4. Selections to be made from rural corps of the different arms in each district in proportion as their strength bears towards each other. Those not drawn for drill last year to be first taken.

The corps so selected in each of the Districts' numbered 1, 2, 3, 4, 5, 6, 7, 8 and 9 (excluding isolated companies of Infantry and Engineers and Garrison Batteries of Artillery), are to be concentrated for twelve days drill in a camp of exercise, including the day going to and the day returning from camp.

Isolated rural companies of Infantry or Engineers, or Garrison Batteries of Artillery, selected for annual drill of 1882-83 may be permitted to perform the same at their respective head quarters on the same conditions as apply to *city corps*.

The Winnipeg and Newcastle Field Batteries are to drill in camp near their local head quarters under regulations for corps in camp of exercise except that they will be paid 25 cents per Officer and man, and 35 cents per horse, per diem, to cover cost of transport, rations, forage, fuel for cooking and allowance for camp kettles. The other Field Batteries are to drill in the camp of exercise in their respective districts.

Excepting the Winnipeg Field Battery the corps drawn for drill in Districts numbered 10, 11 and 12 are to perform the period of drill at their local head quarters under the same regulations as apply to city corps.

Command and Staff.

The following will be the staff of each camp of exercise:—

In command the Deputy Adjutant General of the District, 1 Brigade Major, 1 Assistant Brigade Major with subaltern's pay, 1 Supply Officer, 1 Camp Quarter Master, one Medical Officer, 1 Instructor of Musketry, 1 Orderly and one Provost Officer, and five staff non-commissioned officers.

The commanding officer of each camp will be allowed five dollars, and each other officer on the authorized strength of the staff of a camp of exercise will be allowed two dollars and fifty cents per diem in camp in lieu of subsistence, together with free forage and one dollar per diem for one horse if a horse is required and used by him in the discharge of his duties as a mounted officer.

Each non-commissioned officer on the authorized strength of the staff of a camp of exercise will be paid an allowance of fifty cents per diem in addition to pay of rank, in lieu of rations.

In case of illness or unavoidable absence of the Deputy Adjutant General, another officer will be named to command the camp.

Places and dates of encampment.

The places where the camps of exercise will be formed in Districts, will be specified hereafter.

Pay, &c.

The officers, non-commissioned officers and men of such corps as drill in camps of exercise will be paid for each day's drill of six hours, the net pay of their respective ranks as laid down in paragraph 698 and 702 of the Regulations and Orders for 1879. For horses of mounted officers and corps one dollar per diem, in addition to free rations (for officers, non-commissioned officers and men) as laid down in paragraph 497, together with 1 oz. of pearl barley and 2 oz. of cheese, and free forage (for horses) as laid down in paragraph 531 of the Regulations and Orders, 1879. If straw is not required its equivalent in value of either hay or oats may be issued instead if required.

Neither pay, allowances or rations are to be issued to or for any officer or man for any day or days he is absent from camp.

General Rules of Encampment.

The Regulations and Orders for the Militia 1879, from Paragraph 567 to 614, are to be observed to the extent they apply to the circumstances of any camp of exercise formed under the provisions of this order.

TRANSPORT.

The regulations relating to transport are to be followed to the extent they apply to services connected with camps of exercise.

The Deputy Adjutant General in each District will receive instructions from Head Quarters to enable him to specify the routes by which corps must proceed in going to and returning from camp.

Requisitions for transport by railway or steamboat will be issued by the Deputy Adjutant General of the District, who will also check as to rates and numbers claimed for, all accounts for transport services.

Except as otherwise provided, only officers and men *bonâ fide* proceeding to perform drill in camp are to be allowed transport.

Troops of Cavalry and Field Batteries of Artillery whose local head quarters are within 25 miles, and all companies of Infantry whose head quarters are within 5 miles of the place of encampment, are to march to camp.

All corps whose head quarters are within 2 miles of the railway station or steamboat wharf from which they are to receive transport, will march to that railway station or steamboat wharf.

Companies of Infantry whose head quarters are more than 2 miles from the railway station or steamboat wharf from which they are to receive transport

will be allowed six cents per officer and four cents per man per mile for the number of miles necessarily travelled by ordinary wagon road going to and returning from that station or wharf.

A similar allowance will be paid to companies whose head quarters are more than 5 miles from the place of encampment, and from whence no railway or steamboat can be made available for transport over any portion of the journey.

SUBSISTENCE.

Deputy Adjutants General of Districts will advertise for tenders in such newspapers for which authority has been obtained, and carry out the provisions relating to subsistence on pages 142 to 154 inclusive of the Regulations and Orders 1879, except paragraphs 506, 507, 520 and 521 not applicable to camps of exercise. They are also to see that the supply officer recommended for appointment is specially fitted for the important duty he will be required to discharge.

As the issue of rations in camp will not commence until the morning of the second day, corps proceeding to join will be required to provide one day's cooked rations and one day's forage. Twenty-five cents per officer and man and thirty-five cents per horse will be issued in money in lieu of rations for the first day of camp.

The Deputy Adjutant General of the District may, if he prefers, issue a half ration of food and forage on the first and last day of camp instead of one full ration on the last day.

In addition to his ordinary equipment each officer and man must supply himself with and take to camp one knife, fork and spoon, one tin plate and one tin drinking cup. Each company must provide one butcher's knife, one meat fork, one shovel and one axe. Each battalion must provide camp kettles and necessary cooking utensils.

RATIONS.

The Supply Officer is to be guided by paragraphs 497, 499, 500, 501, 502 and 503 of the Regulations and Orders 1879, in respect to all receipts and issues. Sub-sections, 2, 3 and 4 of paragraph 497 are not to apply to camps of exercise.

Fuel for cooking will be issued on the scale laid down in paragraph 530 of Regulations and Orders 1879; and an allowance at the rate of six dollars per troop and company and ten dollars per field battery of artillery will be paid to each corps to enable them to provide camp kettles.

The arrangements for cooking are to be the same as for actual service—cooking stoves are therefore not to be taken to camp by any corps at the public expense.

The supply officer will be allowed one day before the opening and one day after closing of camp to arrange for delivery of supplies from contractors and for closing his accounts. He should, however, so systematize his work in camp as to insure his having all vouchers and accounts for each day properly filed and completed during that day. His pay is five dollars per diem.

TENTS AND BLANKETS.

Necessary tents, and one blanket per officer and man will be supplied on application of each commanding officer, under the provisions of paragraphs 615 to 626 of the Regulations and Orders 1879.

The camp quarter master will be allowed one day before opening and one day after closing of camp, to arrange for issue of, and to receive over, and return camp equipment to store and close his accounts.

The quarter master and one man per company of each battalion may proceed one day in advance of their corps, in order to make necessary arrangements for the encampment of their corps under instructions from the Deputy Adjutant General of the District. They will also, if required, remain one day for duty after the camp breaks up.

Such Quarter Masters of Battalions as proceed to camp one day in advance of their corps will be paid an allowance of one dollar per diem, in addition to pay of rank, and the one man per company proceed-

ing with him will be paid an allowance of fifty cents per diem for that day and the first day of encampment, also a similar allowance for any day or days any of them remain after camp breaks up for duty under order of the Deputy Adjutant General of the District. Neither rations nor any other allowance in lieu will be issued for those days.

If the weather is unfavourable and tents wet when camp breaks up, the Deputy Adjutant General of the District will use his discretion in giving orders for the protection of the public interests in respect to the articles to be returned to store.

MEDICAL REGULATIONS.

A medical inspection of every officer, non-commissioned officer and man is to be made, if possible, before the men leave the corps' head quarters; when that is not possible, then the medical examination must be made immediately after the corps goes into camp, and a full report relating to each man shall be made in a written return to the Commanding Officer.

This inspection is with a view of ascertaining, 1st. Whether the man is labouring under disease of any kind at the time, such as rheumatic affections; diseases of lungs or heart; or of any of the viscera of the abdomen; or under any form of the syphilitic disease; or is short-sighted; or has any disease or injuries of any of the joints; or badly shaped feet or overlapping toes, which would prevent his marching; 2nd. If the man has any predisposition to any of the above diseases, or has recently suffered from any of them; or if he has any other disqualification which may render him unfit for service, or predispose him to become inefficient from exposure.

Such men, if any be found, are not to be permitted to go to, or remain in camp, as well for their own sakes, as to prevent claims for compensation being made upon the public on account of illness on the part of men who are not fit for service.

The Surgeon of each Battalion and Field Battery will make out a sick report every morning, and transmit a copy to the Commanding Officer.

The Surgeon of each corps will keep an admission and discharge Book, of all cases taken into Hospital, according to Form B.

Each Surgeon will give a receipt for all articles of medical equipment which may be issued to him for the use of his Corps, for the care and proper expenditure of which he will be responsible; and on being relieved from duty he will return all medical stores, articles of equipment and medicine remaining unexpended into the District Stores, with a list of the materials which have been expended by him, on complying with which his receipt will be returned to him.

Such wine or spirituous liquor, as may be prescribed for use in cases of illness must, if procured, be paid for by the person requiring the same. The attention of medical officers of corps is specially called to paragraphs 138, 140 and 141 of the Regulations and Orders for the Active Militia, 1879.

No expense to be incurred by medical officers on account of Government, without previous authority for such being obtained.

CASUALTIES.

In any case of serious illness or accident, the medical officer shall, in conjunction with the commanding officer of the corps, make such immediate arrangements, as may be necessary, sending the patient, if possible, at once to his home or the nearest Hospital. He will make a minute report to Head Quarters of all circumstances connected with the case.

The nature and cause of all accidents or injuries which occur to officers, non-commissioned officers and men and horses while on duty or drill in camp or otherwise during the period of annual training, are to be fully investigated at the time by a board of Officers, and a full and accurate report on each case sent to Head Quarters without delay; the time and place at which the accident or injury occurred should

be specially stated, and all information necessary to a clear understanding at Head Quarters of all details connected with the case should be carefully given.

Claims for indemnification for losses, or injuries by accidents or other causes, often show that ordinary precautions have not been adopted and that discipline has not been carefully attended to. In future such claims for indemnification will not be paid unless it is clearly shown that the accident,—whether to man or horse, or the loss of whatever description—was entirely unavoidable, and could not by any care or pre-arrangement have been prevented or avoided.

In cases of illness contracted in camp, compensation will be limited to a period not exceeding 60 days.

Field Batteries of Artillery.

In camps where two or more batteries are present the Officer in command of camp will arrange for them to be brigaded and trained together under the senior Artillery Officer, until fit to be worked with the other branches of the service.

The gallop past at close intervals will be discontinued by Field Batteries of Artillery, and full intervals will be adopted for this pace.

Field Batteries of Artillery Establishment.
For repairs.

One Harness-maker or Saddler and one Wheeler or Carriage-smith may be enrolled on the strength of each Field Battery of Artillery to form part of the total of fifty-eight gunners and drivers including Wheelers, Collar-maker, and Shoeing-smith authorized in Paragraph 27 of the Regulations and Orders, 1879.

When in camp or on service the Harness maker and Wheeler may, if they provide their own tools, execute urgent repairs to the equipment of the Battery under orders of the Commanding Officer. Payment will be made for necessary materials used to effect such repairs, together with fifty cents working pay per diem for any day the artificer performs a fair amount of such extra work.

Special authority must be obtained for repairs to be executed at other times than when in camp or out on service.

Ammunition.

Each Field Battery of Artillery will be allowed 100 rounds, and each Garrison Battery 20 rounds of Blank Ammunition, for Exercise and Practice.

Ammunition previously issued for exercise and practice, and not expended by the corps, to be deducted from the number of rounds authorized to be issued this year.

CORPS ARMED WITH RIFLES.

Twenty rounds of ball and 20 rounds of blank ammunition for practice, under the provisions of paragraphs 271 to 284 inclusive of the R. and O. 1879. will be allowed to each man authorized to drill.

The number of rounds of ball ammunition previously issued to any corps for practice, but remaining in its possession unexpended, is to be deducted from the issue authorized for practice this year. Deputy Adjutants General will see to this when making requisitions for ammunition, and require returns to be made to them of the rifle practice carried out by each individual in each corps. These returns are to be sent to Head Quarters, Ottawa, with the annual reports relating to the drill and training.

No person is under any circumstances to sell ammunition issued at the public expense by Government to any corps for practice.

TARGET PRACTICE.

Too much care cannot be devoted to musketry instruction.

Target practice affords proof of the attention bestowed on position drill and aiming drill. Company officers are reminded that the former of these drills can be carried out with advantage during the first morning parade daily, and by individual men when lying down "at ease."

Each man must expend, under supervision of the musketry instructor and senior company officer present the number of rounds of ball ammunition authorized for that purpose, and no man is to use more than his share of the Government allowance, viz., twenty rounds.

In carrying out target practice, every man will fire 5 rounds at 200 yards, standing; 10 rounds at 400 yards, kneeling; and 5 rounds at 500 yards, any military position.

"Standing," "kneeling," and "lying down," as defined in the position drill, are the recognized military positions.

At the conclusion of the individual firing a classification is to be made, when those who have obtained 40 points will be classified as first class shots; those obtaining 30, but failing to obtain 40, as second class shots; and those failing to obtain 30, as third class shots. At 200 yards the targets shall be 4 feet wide, having a bull's eye 1 foot diameter, centre 3 feet diameter, outer remainder of target. At 400 yards and 500 yards, target 6 feet wide, bull's eye 2 feet

diameter, centre 4 feet diameter, outer remainder of target.

Value of Points.—Outer, black disc or flag, 2; centre, black and white disc or flag, 3; bull's eye, white disc or flag, 4. The signal for danger or cease firing is in all cases to be a red flag; on no account is a shot to be fired when the danger flag is up at the marker's butt.

No man is ever to load until all is clear for him to fire, and if it becomes necessary for any purpose to cease firing, any man whose rifle is loaded will at once unload, remaining unloaded until the order is given to resume the practice.

GENERAL REGULATIONS.

Troops of Cavalry are restricted to 35 horses each, for pay.

No mounted officer shall receive pay for more than one horse, actually used by him.

The pay for horses shall cover any expense incurred for shoeing while at drill.

The attention of officers is drawn to paragraphs 156, 177 and 178 of the R. and O, 1879, relating to their uniform, clothing, &c.

Before going into camp Captains of Companies should make sure that each man is in good health, has had his hair cut, and has provided himself with a change of shirt, socks, a towel, comb, soap, a boot brush, needles and thread, boot laces—and that his boots fit him easily, have broad soles, and low heels, comfort in walking over rough ground to be considered rather than appearance. A pair of light shoes, for change, will be found very useful in camp. White Cap Covers will be permitted, of uniform pattern by Battalions.

Special attention is to be given in camp to the posting and instruction of guards, pickets, and outposts in their duties.

PAY AND INSPECTIONS.

The Deputy Adjutant General in each district will see that the expenditure for drill is kept within the appropriation, and to that end will take steps to select, in the manner indicated, from corps in his district, to make the maximum strength authorized for drill. The corps not selected, and which cannot be paid, are hereby relieved from the performance of drill during the year 1882-83.

The Deputy Adjutant General of each district will notify the commanding officer of each corps detailed for drill, as well as those which cannot be paid, and send a return to Head Quarters of the corps warned, and of those which cannot be paid; also a detail of the steps he has taken to make the selections.

Deputy Adjutants General are directed to forward a statement to Head Quarters, for information of the General Officer in Command, shewing the dates on which corps in their respective districts will complete drill and be ready for inspection.

Before any corps receives pay, the commanding officer shall be required to certify in his own handwriting, at the end of the pay list of his corps, that each officer, non-commissioned officer and man for whom pay is demanded, was *actually present* with his corps and performed the number of days of drill for 1882-83 specified opposite his name.

The attention of Staff Officers, Commanding Officers of all arms and Captains of Troops, Batteries and Companies is specially called to the form of certificate they are required to append in writing at the foot of pay lists. They will be held responsible by the Department that these pay-lists are correct; they must therefore see that the names of officers, non-commissioned officers and men of their corps are only entered thereon for the number of days' drill they have actually performed with their corps during the year for which payment is demanded. If any person performs less than the authorized number of drills with his corps, he is only to be paid for the actual number of days' drill he has performed in such manner.

The inspections of all corps on completion of drill are to be made in the field during the day time.

At inspections great stress is to be laid on the cleanliness of Arms, the correct fitting of accoutrements, and the manner in which Guards and Sentries perform their duties, and as regards the knowledge of their Men as well as of their Company Drill, by Company Officers and Non-commissioned Officers.

Cleanliness of all parts of the camp and its neighbourhood must be attended to, and reported on by inspecting officers.

Before the men are dismissed, the names on the service roll are to be called in presence of the Inspecting Officer, who, before certifying to the pay-list must compare such names with those on the pay-list and see that each person for whom pay is claimed is vouched for as entitled to receive it.

In his annual report, the Inspecting Officer is to specify that he has complied with this order, and is also to state the result.

In order that a full report may be made for Parliament, relating to the drill and training for the fiscal year 1882-83, all drill for which payment will be made must be completed before the 1st day of December 1882, and the reports of Deputy Adjutants General of Districts must be transmitted to Head Quarters *not later than the 5th of that month.*

Adjutant General of Militia,

Commission du Havre de Québec.

RÈGLEMENT pour augmenter les taux du pilotage pour le Havre de Québec et en bas d'icelui.

ATTENDU que la Corporation des Pilotes pour le Havre de Québec et en bas d'icelui ayant ter-

miné une période de trois ans, tel que mentionné dans la 18e section de "l'Acte de 1873 concernant le Pilotage," a déclaré dans sa pétition adressée aux Commissaires du Havre de Québec, le vingt et unième jour du mois de février en l'année mil huit cent quatre-vingt, dans laquelle elle demande que le taux du pilotage soit augmenté, que la part des revenus nets de la dite Corporation des Pilotes échéant annuellement à chaque membre de la dite Corporation agissant et faisant le service comme pilote pour le Havre de Québec et en bas d'icelui a été moindre que six cents piastres (\$600) en moyenne durant les trois années précédemment écoulées, les dits Commissaires du Havre de Québec statuent comme suit :

ORDRES GÉNÉRAUX DE MILICE.

QUARTIERS GÉNÉRAUX.

OTTAWA, 27 juin 1882.

ORDRES GÉNÉRAUX (11).

No. 1.

MILICE ACTIVE.

RÈGLEMENTS POUR LES EXERCICES ANNUELS DE 1882-83.
PUISSANCE DU CANADA.

1. Afin que les dépenses de l'année 1882-83 pour les exercices et l'instruction de la Milice Active du Canada n'aillent pas au-delà du crédit affecté à cette fin par le parlement, la force des corps de milice qui s'exerceront et qui seront payés pour leurs exercices cette année a été limitée comme suit, savoir :—

Les corps d'infanterie et d'artillerie de place (à l'exception de la batterie de Victoria, C.B.) ne devront pas être composés de plus de 42 sous-officiers et soldats y compris les sergents d'état-major et les musiciens.

Les batteries de campagne, 1 capitaine, 2 lieutenants, 1 sous-lieutenant, 1 chirurgien, 1 vétérinaire, un maréchal-des-logis chef, un quartier-maître sous-officier, 4 maréchaux-des-logis, 4 brigadiers, 4 bombardiers, un trompette, un maréchal-ferrant, 58 canonniers et conducteurs et 29 chevaux, y compris les chevaux des officiers et des sous-officiers.

Corps urbains et ruraux.

2. Le maximum du nombre d'officiers, sous-officiers et soldats qui recevront paiement pour les exercices dans chaque district, sera comme suit :

District militaire numéro	1.....	2550
do	do	2..... 3573
do	do	3..... 2048
do	do	4..... 1417
do	do	5..... 3229

do	do	9..... 2249
do	do	10..... 450
do	do	11..... 300
do	do	12..... 428

21,407

L'effectif des corps autorisés à faire leurs exercices à leurs quartiers généraux dans chaque district sera déduit de l'effectif total autorisé à faire l'exercice dans le district, la balance représentera le nombre qui pourra être concentré dans un camp d'exercice.

Corps urbains.

3. Tous les *corps urbains* (à l'exception des batteries d'artillerie de campagne et les compagnies qui appartiennent à des bataillons d'infanterie ruraux) pourront avoir la permission de faire douze jours d'exercices annuels à leurs propres quartiers généraux à l'époque qui leur conviendra le mieux, avant le 1er décembre 1882.

La batterie de campagne No. 2 de la première brigade provisoire (Ontario), et la batterie de campagne d'Halifax pourront avoir la permission de s'exercer à leurs propres quartiers généraux comme corps urbains.

Les officiers de corps urbains seront payés au taux d'une piastre par jour ; les sous-officiers et les soldats, au taux de cinquante cents ; et pour chaque cheval d'officier ou de corps montés il sera alloué soixante-quinze cents par jour ; un jour consistant en trois heures d'exercices. Toute compagnie formant partie d'un bataillon rural, ne pourra avoir la permission, lorsqu'elle aura été choisie, de faire les exercices pour lesquels il est accordé paiement, qu'en faisant ces exercices au camp avec le bataillon auquel elle appartient.

Corps ruraux.

Le choix parmi les corps ruraux des différentes armes dans chaque district se fera en proportion de leur force respective. Les corps qui n'ont pas fait les exercices l'année dernière seront pris les premiers.

Les corps des districts numéros 1, 2, 3, 4, 5, 6, 7, 8, et 9 (non compris les compagnies d'infanterie isolées, du génie et les batteries d'artillerie de place) seront concentrés dans un camp pour douze jours d'exercices, y compris le jour pour se rendre au camp et celui pour en revenir.

Les compagnies d'infanterie isolées ou du génie ou les batteries d'artillerie de place, choisies pour faire les exercices annuels de 1882-83, pourront avoir la permission de s'exercer à leurs quartiers-généraux respectifs aux mêmes conditions que les corps urbains.

Les batteries d'artillerie de campagne de Winnipeg et Newcastle feront leurs exercices dans un camp près de leurs quartiers généraux d'après les règlements applicables aux corps dans un camp d'exercice si ce n'est qu'il sera payé 25 cents par officier et soldat et 35 cents par cheval par jour pour tenir lieu du coût des transport, rations, fourrage, combustible pour cuisine et indemnité pour marmites. Les autres batteries d'artillerie de campagne feront l'exercice dans le camp de leurs districts respectifs.

A l'exception de la batterie de campagne de Winnipeg les corps choisis pour l'exercice dans les districts Nos. 10, 11 et 12 feront leurs exercices à leurs quartiers généraux d'après les règlements applicables aux corps urbains.

Etat-major et commandement.

L'état-major de chaque camp d'exercice sera comme suit :

L'aide-adjutant général qui commandera, 1 major de brigade, 1 assistant major de brigade qui aura la solde d'un officier subalterne, 1 officier préposé aux approvisionnements, 1 quartier-maître de camp, un officier de santé, 1 instructeur de mousqueterie, 1 officier d'ordonnance et 1 prévost et 5 sous-officiers d'état-major.

L'officier commandant de chaque camp recevra cinq dollars et tout officier faisant partie de l'état-major d'un camp recevra deux dollars et cinquante centins par jour pour subsistance ainsi que fourrage gratuit et un dollar par jour pour un cheval, s'il en est besoin pour l'accomplissement de ses devoirs comme officier à cheval.

Tout sous-officier faisant partie de l'état-major d'un camp recevra une solde supplémentaire de vingt-cinq centins par jour au lieu de rations.

En cas de maladie ou d'absence inévitable de l'aide-adjutant général, un autre officier sera nommé au commandement du camp.

Places et dates de campement.

On fera connaître plus tard la place où le camp d'exercice sera formé dans le ...

Solde, etc.

Les officiers, sous-officiers et soldats de tout corps faisant ses exercices au camp recevront pour chaque jour de six heures d'exercice la solde nette de leurs rangs respectifs, tel que porté aux paragraphes 698 et 702 des règlements de 1879. Il sera payé pour les chevaux des officiers et des troupes un dollar par jour, en sus de rations gratuites (pour les officiers, sous-officiers et soldats) tel que porté au paragraphe 497, ainsi que 1 once d'orge perlé et deux onces de fromage, et fourrage gratuit (pour chevaux) tel que mentionné au paragraphe 531 des règlements, 1879.

Si la paille n'est pas requise on donnera l'équivalent en foin ou en avoine si on le demande.

Tout officier ou soldat absent du camp sera privé de sa solde, indemnité ou rations pour tels jours d'absence.

Règles générales de campement.

Les règlements de la milice de 1879, depuis le paragraphe 567 jusqu'au paragraphe 614 devront être observés en autant qu'ils conviendront aux camps d'exercice formés en conformité de cet ordre.

Transport.

Les règlements relatifs au transport seront suivis en autant qu'il peuvent être applicables à l'usage des camps d'exercice.

L'aide-adjutant général dans chaque district recevra des quartiers généraux des instructions qui lui permettront de spécifier les routes que les corps doivent prendre aller et retour.

Les réquisitions de transport par chemin de fer ou bateau à vapeur seront données par l'aide-adjutant général du district ; les comptes pour transport relativement au prix et nombre de personnes seront aussi contrôlés par lui.

Sauf exception, les officiers et soldats seulement se rendant au camp *bonâ fide* pour y faire leurs exercices seront transportés aux frais du public.

Les troupes de cavalerie et les batteries d'artillerie de campagne dont les quartiers généraux sont à moins de 25 milles, et toute compagnie d'infanterie dont les quartiers généraux sont à moins de 5 milles du camp, marcheront pour s'y rendre.

Tout corps dont les quartiers généraux ne sont pas à plus de 2 milles des débarcadères de chemins de fer ou quais de bateaux à vapeur d'où il sera transporté, s'y rendra à pied.

Quant aux compagnies d'infanterie dont les quartiers généraux sont à plus de 2 milles du débarcadère du chemin de fer ou quai du bateau à vapeur qui doit les transporter, les officiers auront six centins et les soldats quatre centins par mille pour le nombre de milles nécessairement parcourus, aller et retour.

Une pareille indemnité sera payée aux compagnies dont les quartiers généraux sont à plus de 5 milles du camp, pourvu qu'on ne puisse faire usage de chemin de fer ou bateau à vapeur pour aucune partie de cette distance.

NOURRITURE.

Les aides-adjutants généraux de districts annonceront pour soumissions dans les journaux désignés dans ce but et pourront mettre à effet les dispositions qui regardent la nourriture dans les règlements de la milice de 1879, pages 142 à 154 inclusivement, excepté les paragraphes 506, 507, 520 et 521 qui ne s'appliquent pas aux camps d'exercices. Ils devront aussi avoir soin de recommander pour être nommé officier des approvisionnements une personne qui soit spécialement entendue pour remplir l'important devoir dont elle sera chargée.

Comme la distribution des rations dans le camp ne commencera que le matin du jour qui suivra celui de l'arrivée, les corps qui s'y rendront devront se pourvoir de rations cuites et de fourrage pour toute une journée. Il sera payé en argent au lieu de rations pour le premier jour du campement vingt-cinq cents pour chaque officier et soldat et trente-cinq cents pour chaque cheval.

Si l'aide-adjutant général du district le préfère, il pourra accorder une demiration de nourriture et fourrage le premier et le dernier jour du camp au lieu d'une ration entière le dernier jour.

En sus de son fourniment ordinaire, chaque officier et chaque soldat devra se procurer et apporter au camp, un couteau, une fourchette et une cuillère, une assiette et un gobelet de ferblanc ; chaque compagnie, un couteau et une fourchette à dépecer, une pelle et une hache ; chaque bataillon des marmites de camp et les ustensiles nécessaires à la cuisine.

RATIONS.

L'officier des approvisionnements se guidera sur les paragraphes 497, 499, 500, 501, 502 et 503 des règlements de la milice de 1879, en ce qui regarde les provisions qu'il recevra et délivrera. Les sous-sections 2, 3 et 4 du paragraphe 497 ne s'appliqueront pas au camp d'exercices.

Le combustible pour la cuisine sera fourni d'après l'échelle contenu dans le paragraphe 530 des règlements 1879 ; et une indemnité de six dollars par troupe et compagnie et dix dollars par batterie d'artillerie de campagne ou de place sera payée à chaque corps pour se procurer des marmites.

Ces arrangements pour la cuisine seront les mêmes que pour le service actif. Les poêles de cuisine ne devront pas alors être transportés au camp par aucun corps aux dépens du public.

A l'officier des approvisionnements il sera alloué une journée avant l'ouverture et une journée après la levée du camp, pour faire ses arrangements avec les fournisseurs et régler ses comptes avec eux. Cependant, cet officier ne devra pas négliger de faire en sorte que tous les comptes avec les pièces justificatives de chaque jour, soient convenablement et séparément arrangés et complétés à la fin de la journée. Sa solde sera de cinq dollars par jour.

TENTES ET COUVERTES.

Les tentes nécessaires, et une couverture pour chaque officier et soldat seront délivrées sur la demande de chaque officier commandant, d'après la teneur des paragraphes 615 à 626 des règlements de la milice de 1879.

Au quartier-maître du camp, il sera alloué une journée avant l'ouverture et une journée après la levée du camp, pour recevoir et délivrer les effets de campement, les renvoyer au magasin et régler ses comptes.

Chaque compagnie pourra envoyer, avec le quartier-maître du bataillon, un de ses hommes une journée avant l'arrivée au camp pour y faire d'après les instructions de l'aide-adjutant général du district, les arrangements que nécessitera son séjour au camp. S'il est nécessaire ils resteront aussi une journée de plus en devoir après la levée du camp.

Ces quartiers-maîtres qui se rendront une journée d'avance au camp recevront une indemnité de un dollar par jour en sus de leur solde, et l'homme qui les accompagnera cinquante cents par jour pour ce jour et le premier jour du camp; ils recevront aussi une semblable indemnité pour chaque jour qu'ils resteront après la levée du camp d'après les instructions de l'aide-adjutant général du district.

Il n'y aura pas de rations accordées pour ces jours ni indemnité en tenant lieu.

Si le temps est mauvais et que les tentes soient mouillées lors de la levée du camp, l'aide-adjutant général du district usera de sa discrétion sur les ordres à donner en ce qui regarde la protection des effets publics et leur renvoi dans le magasin militaire.

RÈGLEMENTS MÉDICAUX.

Autant que possible chaque officier, sous-officier et soldat sera soumis à une inspection médicale avant de laisser les quartiers généraux du corps de milice auquel il appartient. Lorsque cette inspection n'aura pu se faire avant le départ, alors elle devra se faire aussitôt après l'arrivée dans le camp; et il sera fait à l'officier commandant un rapport écrit et complet de chaque homme.

Cette inspection est exigée en vue de s'assurer, 1o. Si l'homme souffre dans le temps de quelque maladie, telle que rhumatisme, maladie des poumons ou du cœur, de quelque vicère de l'abdomen, ou de quelque espèce de maladie syphilitique; s'il a la vue courte; s'il a quelque articulation affectée; s'il a les pieds formés de manière à le gêner dans sa marche; 2o. Si l'homme a quelque prédisposition à quelque une des maladies ci-dessus, ou en a récemment souffert; enfin s'il y a chez lui quelque chose qui le rende ou qui pourrait le rendre impropre au service militaire.

S'il se trouve des hommes qui soient affectés tel que ci-dessus, on ne devra pas leur permettre d'aller au camp, non plus d'y demeurer, tant pour leur propre bien que pour prévenir toute réclamation de compensation pour cause de maladie, par des personnes qui ne sont aucunement propres au service militaire.

Le chirurgien de chaque bataillon ou de batterie de campagne fera tous les matins un rapport de santé dont il transmettra une copie à l'officier commandant.

Le chirurgien de chaque corps de milice gardera un registre des admissions et des libérations de tous ceux envoyés à l'hôpital, d'après la formule B.

Chaque chirurgien donnera un reçu pour tous les articles médicaux qui lui seront délivrés pour l'usage de son corps de milice, et sera responsable du soin et de l'emploi de ces articles. Lorsqu'il sera relevé de son office, il remettra dans les magasins du district toutes les médecines et les effets s'y rattachant qui n'auront pas été dépensés, fera une liste de ce qu'il aura dépensé, et pour ce, son reçu lui sera remis.

Le vin ou toute autre boisson spiritueuse qui pourra être prescrite, en cas de maladie, devra être payée par la personne qui s'en servira. Les officiers de santé voudront bien porter une attention spéciale aux paragraphes 138, 140 et 141 des règlements de la milice active, 1879.

Ils ne devront faire, pour le compte du gouvernement, aucune dépense sans en avoir auparavant obtenu la permission.

MALADIES OU ACCIDENTS.

Dans le cas de maladie ou d'accident sérieux, l'officier de santé, conjointement avec l'officier commandant du corps de milice, prendront tous les arrangements immédiats qui pourront être nécessaires, enverront immédiatement le patient chez lui si c'est possible ou au plus proche hôpital, et l'officier de santé fera sans délai un rapport minutieux de toutes les circonstances ayant trait au cas, et l'adressera aux quartiers généraux.

En ce qui regarde les accidents ou blessures qui pourraient survenir aux officiers, aux sous-officiers ou aux soldats de même qu'aux chevaux en devoir pendant les exercices dans le camp ou autrement, un comité d'officiers en fera immédiatement un examen et préparera un rapport circonstancié qu'il enverra sans délai aux quartiers généraux. L'heure et le lieu où l'accident ou la blessure est arrivé devront spécialement être donnés, et tous les détails ou informations nécessaires pour aider aux quartiers généraux à comprendre clairement l'affaire devront être fournis avec soin.

Les réclamations pour pertes d'objets ou pour blessures par accident ou autrement montrent que souvent, les précautions ordinaires n'ont pas été prises et que la discipline requise n'a pas été suivie. A l'avenir il ne sera payé aucune indemnité à moins qu'il ne soit clairement démontré que l'accident—soit à un homme soit à un cheval, ou que la perte de quoi que ce soit—a été tout à fait inévitable malgré tous les soins pris pour y obvier.

Pour les cas de maladie contractée dans un camp, la compensation sera limitée à une période qui ne dépassera pas 60 jours.

Batteries d'artillerie de campagne.

Lorsqu'il y aura deux batteries ou plus au camp l'officier en commandement veillera à ce qu'elles soient en brigade et exercées ensemble sous les ordres du plus ancien officier d'artillerie, jusqu'à ce qu'elles soient en état de faire la manœuvre avec les autres armes.

Le défilé au galop en ordre serré sera discontinué par les batteries d'artillerie qui adopteront des intervalles complets pour cette allure.

*Effectif des batteries d'artillerie de campagne.**Réparations.*

Un sellier et un charron pourront être enrôlés dans toute batterie d'artillerie de campagne et formeront partie du total des cinquante-huit canonniers et conducteurs y compris charron, sellier et maréchal-fermant autorisés par le par. 27 des règlements de la milice, 1879.

Au camp ou en activité le sellier et le charron, s'ils font usage de leurs propres outils, pourront exécuter des réparations urgentes à l'équipement de la batterie d'après les ordres de l'officier commandant. Les matériaux nécessaires à telles réparations seront payés, et de plus l'ouvrier d'artillerie recevra cinquante cents pour chaque jour où il fera une quantité suffisante de tel ouvrage supplémentaire.

Lorsque les batteries ne seront pas en campement ou en activité, elles devront obtenir une autorisation spéciale pour toute réparation.

Munitions.

CORPS ARMÉS DE LA CARABINE.

Il sera alloué à chaque homme ayant reçu autorisation de s'exercer, vingt cartouches à balle et vingt cartouches blanches pour la pratique conformément aux paragraphes 271 à 284 inclusivement des règlements de 1879.

Si un corps de milice a encore en sa possession des cartouches à balle provenant du nombre de celles qui lui ont été allouées l'année précédente, ces cartouches devront être déduites du nombre de celles qu'il est autorisé à recevoir pour la pratique du tir cette année. Les aides-adjutants-généraux, en transmettant leurs réquisitions pour munitions, verront à ce que cette déduction soit faite, et exigeront

qu'il leur soit fait un rapport de la pratique du tir de chaque individu des différents corps de milice. Ces rapports devront être envoyés aux quartiers-généraux à Ottawa en même temps que les rapports annuels concernant l'exercice et l'instruction militaires.

Personne, sous quelque prétexte que ce soit, ne doit vendre des munitions fournies gratis par le gouvernement, à des corps de milice pour la pratique du tir.

PRATIQUE DU TIR.

On ne peut donner trop de soins à la pratique du tir.

Elle démontre l'attention qu'on a apportée à l'exercice de position et de pointage. Les officiers de compagnie sont notifiés que le premier de ces exercices peut être pratiqué avec avantage tous les jours à la première parade du matin, non en corps lorsque les hommes sont au repos.

Tout soldat doit tirer sous la surveillance de l'instructeur de mousqueterie et en présence du plus ancien officier de la compagnie le nombre de cartouches à balle autorisé à cette fin, et personne ne pourra tirer plus que la part accordée par le gouvernement, savoir : vingt.

A la pratique du tir à la cible chaque soldat tirera 5 cartouches à 200 verges, debout ; 10 cartouches à 400 verges, à genoux ; et 5 cartouches à 600 verges dans aucune position militaire.

"Debout," "à genoux" et couché tel que défini dans l'exercice de position sont les positions militaires reconnues.

A la fin du tir individuel une classification sera faite et ceux qui auront obtenu 40 points seront classés comme tireurs de premier ordre, ceux qui auront obtenu 30 points et n'auront pas atteint 40 seront rangés dans la deuxième classe, et ceux qui ne parviendront pas à 30 points formeront la troisième classe.

A 200 verges la cible aura 4 pieds de largeur avec un blanc d'un pied de diamètre, un centre de 3 pieds de diamètre, et l'outer (le dehors du tracé) comprendra le reste de la cible.

A 400 et 600 verges la cible aura 6 pieds de largeur, blanc 2 pieds de diamètre, centre 4 pieds de diamètre et l'outer le reste de la cible.

Valeur des points.—Outer, disque ou pavillon noir, 2 ; centre, disque ou pavillon noir et blanc, 3 ; blanc, disque ou pavillon blanc, 4. Le signal de danger ou pour cesser le feu sera dans tous les cas un pavillon rouge. Sous aucun prétexte on ne doit tirer lorsque le pavillon de danger est en vue à la butte du marqueur.

Personne ne doit charger son arme qu'au moment de tirer, et s'il est nécessaire dans un but quelconque de cesser le feu, tout homme ayant un fusil chargé le déchargera aussitôt, et restera ainsi jusqu'à ce que l'ordre de recommencer le feu ait été donné.

RÈGLEMENTS GÉNÉRAUX.

Le nombre de chevaux de chaque compagnie de cavalerie, pour lequel il sera alloué paiement, est limité à 35.

Aucun officier à cheval ne pourra recevoir de paie pour plus d'un cheval réellement employé par lui.

La paie pour les chevaux devra couvrir toute dépense à encourir pour ferrage durant les exercices.

Les officiers sont priés de prêter attention aux paragraphes 156, 177 et 178 des règlements de la milice de 1879 qui ont trait à leur uniforme, habillement, etc.

Avant de se rendre au camp les capitaines de compagnies devront voir à ce que chaque homme soit en bonne santé, se soit fait couper les cheveux, soit pourvu d'une chemise et de chaussons de rechange, d'une serviette, d'un peigne, de savon, d'une brosse à souliers, d'aiguilles, de fil, de cordons de souliers—si ses bottes lui vont bien, ayant une semelle large et des talons bas ; car lorsqu'il faut marcher sur un terrain difficile c'est le confort et non l'apparence des bottes qu'il faut considérer. Il serait très utile d'avoir aussi au camp une paire de souliers légers. Les couvertures blanches de casquettes seront permises, mais elle devront être d'un même patron pour chaque bataillon.

Au camp on devra s'occuper spécialement de l'instruction des gardes, piquets et avant-postes dans leurs devoirs.

SOLDE ET INSPECTION.

L'aide-adjutant-général de chaque district verra à ce que les dépenses pour les exercices soient tenues au niveau du crédit approprié à cette fin, et pour cela il prendra le moyen de pouvoir choisir parmi les corps de milice dans son district, et suivant le mode indiqué, tout le contingent d'hommes autorisés à faire les exercices. Les corps qui n'auront pas été choisis et qui ne peuvent pas être payés sont, par le présent, relevés de l'obligation de faire les exercices pour l'année 1882-83.

L'aide-adjutant-général de chaque district notifiera l'officier commandant de chaque corps choisi pour faire les exercices, de même que de ceux qui ne peuvent pas être payés, et enverra aux quartiers-généraux un retour des corps qui auront reçu avis et de ceux qui ne peuvent pas être payés, avec aussi les détails des moyens employés par lui pour faire son choix.

Les aides-adjutants-généraux enverront aux quartiers-généraux un rapport pour l'information de l'officier général commandant, donnant les dates auxquelles les corps dans leurs districts respectifs auront terminé leurs exercices et seront prêts pour l'inspection.

Avant qu'un corps de milice puisse être payé, l'officier commandant devra certifier le bordereau de paie, en signant son nom lui-même au bas de la feuille, déclarant que les officiers et soldats pour qui paiement est demandé, ont été *réellement présents* dans le corps de milice et qu'ils ont fait le nombre de jours d'exercices spécifiés en regard de leurs noms, pour l'année 1882-83.

Les officiers d'état-major, les officiers commandants de toutes les armes et les capitaines de compagnies de cavalerie, de batterie et compagnie d'infanterie sont priés de prêter une attention spéciale à la forme de certificat qu'ils doivent signer au bas des bordereaux. Le département les tiendra responsables de l'exactitude de ces bordereaux; ils devront en conséquence voir à ce que chaque officier, sous-officier et milicien n'y figure que pour le nombre de jours d'exercice que chacun aura réellement fait durant l'année pour laquelle paiement est demandé. Tout individu qui n'aura pas fait le nombre de jours d'exercice autorisé pour le corps auquel il appartient, ne sera payé que pour le nombre réel de jours d'exercice qu'il aura fait avec le corps dont il fait partie.

L'inspection des corps de milice qui doit avoir lieu à la fin des exercices annuels se fera sur les lieux mêmes pendant les exercices du jour.

Aux inspections on attachera une grande importance à la propreté des armes, à l'ajustement convenable des fourniments du soldat, à la manière dont les gardes et les sentinelles remplissent leurs devoirs et à la connaissance que les officiers et les sous-officiers doivent avoir de leurs hommes aussi bien que de leurs exercices et de leurs devoirs.

Les officiers inspecteurs doivent veiller à la propreté de toutes les parties du camp et de ses environs et en faire rapport.

Avant de remercier les hommes on fera l'appel de tous les noms entrés sur le rôle de service, et cela en présence de l'officier-inspecteur, qui, avant de certifier le bordereau, comparera ce dernier avec le rôle afin de s'assurer que chaque personne pour laquelle il est demandé paiement, a réellement droit de recevoir le montant inscrit à la suite de son nom.

L'officier inspecteur, dans son rapport annuel devra spécifier qu'il s'est conformé à l'ordre ci-dessus et en mentionner le résultat.

Afin qu'un rapport complet sur les exercices et les instructions militaires pour l'année fiscale de 1882-83, puisse être présenté à temps au parlement, tous les exercices pour lesquels il est accordé paiement devront être terminés avant le 1er décembre 1882, et les rapports des aides-adjutants-généraux devront être transmis aux quartiers-généraux, *pas plus tard* que le 5 du même mois.

Par ordre,

WALKER POWELL, Colonel,
Adjutant Général de Milice,
Canada.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers

pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.
