

SOME INFORMATION REGARDING THE
GOURLAY PIANOS

BOOKLET NO. 4
JULY, 1906

MANUFACTURED BY
GOURLAY, WINTER & LEEMING
TORONTO

Gourlay Pianos

A TWO YEARS RECORD

IT is just a little over two years since the first "Gourlay Piano" passed from the hands of its makers—a finished instrument. It is true their construction began about a year previous, but the "Gourlay Piano" is not an instrument of mushroom growth; on the contrary, it is thorough in every detail, solid, enduring and artistic, and, as a consequence, of slow development and exceeding cost; so that though the factory is fully equipped with newest and best of labor-saving machinery, the total output to date is less than one thousand four hundred pianos.

But what a record as to patrons. Never before has a piano met with such a spontaneous and appreciative reception. Pianists, Vocalists, Teachers, Heads of Colleges, Conservatories and Schools, as well as non-professional musicians of ability and culture, have one and all welcomed the new piano, and predicted for its makers a success and a reputation that it were hardly modest to publish, even though its hope inspire our every effort.

Gourlay Pianos

OUR AMBITION

The ambition of Gourlay, Winter & Leeming is to manufacture a piano of such pre-eminent excellence, and to have this excellence so universally acknowledged and attested, that, in Art Circles the world over, Canada may yet be known as a leader in Piano Art.

ITS ACHIEVEMENT

In the realization of this ambition, the factory is manned with expert piano builders, under the direction of the manufacturing partners and a half score of superintendents, whose combined experience and ability outdoes their compeers in other factories. In the furtherance of this ambition, it is the policy of Gourlay, Winter & Leeming to publicly acknowledge the successes as well as the attainments and position of the chiefs of staff, to pay all workmen the very highest wages, and to provide the choicest of material, resulting in a factory *esprit du corps* that finds its outlet in making the perfection of the **Gourlay Piano** the supreme effort of every employee, as well as the pride of the executive staff.

Goulay Pianos

Style 7.—Ornate Colonial Design
New Grand Scale

A Piano of the above style was supplied to Government House, Ottawa, for the personal use of Lady Ruby Elliott, on the order of Her Excellency the Countess of Minto.

Gourlay Pianos

PARTIAL LIST OF PATRONS

IN the list that follows are the names of several whose ideal piano has been one of the American Grands of world reputation, and who, having found in the **Gourlay Upright Piano** a deliciousness of tone quality and a touch so responsive as to more nearly approach their ideal than ever before found in a Canadian piano, have at once accorded the "Gourlay" their preference and their patronage.

In the list are the names of some customers who have been offered a cash premium if they would change their used Gourlay for a new piano of "an older maker of established reputation", as well as the names of an occasional purchaser who, though delighted with their Gourlay, have been urged by such makers to change their used upright for a new Grand on payment of a nominal difference, so great is the desire of the older makers to have a used Gourlay in their warerooms for comparison or other purposes.

BALDUR, MAN.....	Robt. Aitken.
BEAR CREEK, MAN.....	A. W. Pollock.

ST. MARGARET'S COLLEGE, TORONTO.

Several of the first Gourlay Pianos manufactured have been in constant use in this College. After this experience Mrs. Geo. Dickson, Lady Principal, writes: "They have been entirely satisfactory. . . . It is a matter of congratulation for Canadians that so excellent a piano is being manufactured in their own country."

Gourlay Pianos

An Art Gourlay
Design Louis XIV.

Gourlay Pianos

GOURLAY PIANOS *in* ART CASES

IT is but fitting that **Gourlay Pianos**, representing "the highest type of Canadian piano-building," should be manufactured in Art Cases, designed and decorated in the pure style of the different art periods of the seventeenth, eighteenth and nineteenth centuries.

In each design the style of the period represented is carried out with absolute fidelity, and the effect is exquisite. Every scroll, every carved figure, every painted panel or marqueterie decoration is authentic.

Some of the periods so represented are:—

- "LOUIS XIV.,"
- "LOUIS XV.,"
- "CHIPPENDALE,"
- "SHERATON,"
- "MARIE ANTOINETTE,"
- "EMPIRE,"
- "MISSION."

Messrs. Gourlay, Winter & Leeming manufacture piano cases to accord with the prevailing furnishings and decorations of the room in which they are to be placed. The artistic effect is thus heightened and intensified, and room and piano help make each other all the more beautiful.

PRICE LIST

OF THE

Gourlay Pianos

MANUFACTURED BY

Gourlay, Winter & Leeming

Toronto, Hamilton and Winnipeg

The
