## COMMENTS ON GENEALOGICAL CHARTS

A century ago Joseph Howe said:

"A wise nation preserves its records . . . . and fosters national pride and love of country by perpetual reference to the sacrifices and glories of the past. A nation that forgets its past does not deserve a future".

A nation is the sum total of its communities, its families, its individual citizens. And memory is individual and personal - aided by authentic records.

To completely research and record all the descendants of William Simpson and Janet Winchester, even if records were available, would result not in a section of a book, but in a multi-volume production. Such is not our purpose.

However, following two decades of intermittent research by Laura Simpson Cowan and by the writer considerable detail has been accumulated which, based on the best information available, is believed to be reasonably accurate.

It has been our purpose to build a record of descendants of the founders of Cavendish covering the first two or three generations, together with some record of the founding families of a few of the large number of early names which came into the connection as "kin by marriage". In addition a dozen unrelated Cavendish families are included.

Generally, space does not permit us to bring the record down to the present, although in a few instances we have done so. Rather we have hoped to provide as detailed records as possible, from information available to us, of the early families.

With this background, individual families from their own more current records, will be able to trace their family lines back to beginnings in Canada.

Dates were a major problem. Lists of names of early families were not too difficult to secure but very few included dates. Gradually from many sources, family Bibles and other family records, tombstones, old newspapers, church records, very incomplete vital statistics and many other sources, individual dates believed to be authentic became available.

Many inaccuracies were found and corrected. Undoubtedly some still remain but every effort has been made to verify the record.

There are many gaps - particularly dates. We know that much additional information is available from sources which we were unable to reach. We invite the readers assistance in a continuing effort to enlarge and preserve the record.

Our files contain much material which, because of lack of space, cannot be included here. It is our purpose as time permits to put this information in order and place it in the Prince Edward Island Archives in Charlottetown where it will be available to anyone on request.

If you the reader have relevant information, particularly on pre-1900 families of the connection, and forward it to me at Box 405, Amherst, N.S. within a reasonable time we shall consider it for inclusion.

Inevitably, during the first two generations, there were many marriages between cousins. In most cases records of such families appear under the name of the male parent.

We ask the reader's understanding where information is non-existent or incomplete. We hope that what we have been able to gather and record will be interesting and helpful to many.

MANY HAVE ASKED US "ARE WE RELATED TO LUCY MARY MONTGOMERY?" IN ADDITION TO THE MONTGOMERY CONNECTION, ANY PERSON WITH CAVENISH, MCNAUL, SIMPSON OR CLARK BLOOD IS MORE OR LESS DISTANTLY RELATED. BY USING THE GENERICOLOGICAL CHARTS IT SHOULD BE POSSIBLE FOR MANY TO TRACE THE RELATIONSHIP.

#### A LAST WORD

THE GENERAL CHARTS IN THIS BOOK MERELY TOUCH THE SURFACE OF THE DESCENDENTS OF THE FOUNDERS OF CAVENISH IN 1790, AND USE SOME OF THE NON-RELATED FAMILIES WHO

LACK OF TIME, LIMITATIONS OF SPACE, AND AVAILABILITY SOME WILL FEEL THAT THEIR FAMILY LINE WAS EQUALLY DESERVING OF INCLUSION OR OF MORE ADEQUATE COVERAGE. OUR ONLY COMMENT MUST BE THAT USE HAVE COVERED LITERALLY SOME HUNDREDS OF FAMILIES AND THOUSANDS OF NAMES. INEVITABLY THERE WILL BE SOME ERRORS. CORRECTIONS SUBMITTED WILL BE INCLUDED IN RECORDS WHICH WE PROPOSE TO PLACE IN THE PROVINCIAL ARCHIVES. THE PURPOSE OF THIS BOOK IS TO RECORD PERMANENTLY THE INFORMATION AVAILABLE TO US, PARTICULARLY OF EARLY GENERATIONS, IN THE HOPE THAT OTHERS WILL CARRY ON WHERE WE HAVE LEFT OFF.
